It is with a heavy heart that I write this letter for the dispersal sale of our registered herd. 2020 has been a year that none of us will soon forget, though some of us may want to. After prayerful consideration, it has come apparent that it is time for us to disperse our registered herd. While we will continue having some commercial cows around and serve our beef customers, this will be our final sale.

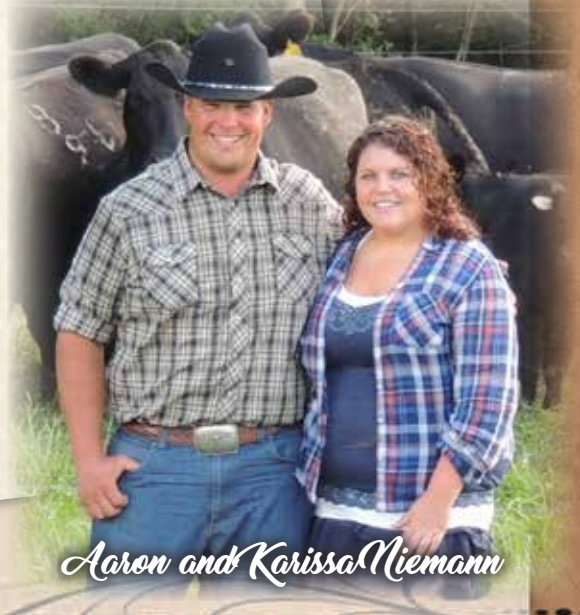

Dispersal. The word sounds so permanent and daunting. 16 years ago, my father, Mel, and I traveled to North Dakota to the dispersal sale of Boeckel Angus where we purchased our first Registered Angus cows. Over the following years, Mel and Sharon traveled around the country to various dispersal sales from Falcon Seaboard (TX), Bear Tooth Pass (MT), Jocko Valley (MT), just to name a few. What was created from these adventures was a herd that was uniquely ours, filling the characteristics our customers desired and the temperament and mothering capabilities we demanded. Along the way we also met many wonderful people who we are fortunate to call friends. There are truly no better people, than cattle-people. Now it is our time, and I hope that some of you can expand, improve, or maybe even start your herd with something you like from our cattle, the same way we did as we built our herd years ago.

May your calves all wean heavy, and your cows all breed back.

*Aaron Niemann*

*Sharon and Melvin Niemann*

Dave Sweeney

Dear Angus friends

The Emerald Lane program is “Dedicated to Performance Thru Genetics” by emphasizing longevity, carcass, fertility and growth. More than a slogan, the program utilizes birth, weaning, yearling, ultrasound, cow data and foot scores to measure and propagate leading cow families using prominent AI sires and outstanding walking herd bulls.

You can learn a lot about a breeder with three days of research for sale book preparations. We quickly surmised the original acquisition of noteworthy cow families such as the Everelda Entense family tracing to Sitz Everelda Entense 023, a \$300,000 valued cow with more than \$1 million in progeny sales revenue descending from “Sitz Everelda Entense 1137,” a \$210,000 breed legend. The Forever Lady family is heavily represented in the sale offering, most are back to Boyd Forever Lady 7120 the \$225,000 full sister to Pathfinder Sire, Boyd New Day 8005 descending from the legendary SVF Forever Lady 57D. The Duchess cow family can be almost exclusively tracked to JVC Countess 906 V9133, the daughter of Mytty Countess 906 and full sister to Pathfinder Sire, Mytty In Focus.

These families and more have been propagated, measured, retained or culled leading to this carefully scrutinized herd now offered for your appraisal. We have made every attempt to provide the important performance and production data you need to make informed buying decisions. Utilize it to your benefit and take advantage of the decades of progressive Angus breeding by the Mel Niemann Family.

Your pre-sale inquiries are welcomed. We look forward to greeting you February 13<sup>th</sup>.

Al and Jeanne Conover  
Dave Sweeney

Deer Valley Growth Fund is one of the most intriguing young sires to enter AI in recent years. This Select Sires growth bull is sired by "Payweight 1682" and out of a now-deceased "Weigh Up" dam that traces to the foundation, breed impacting donor, GAR EXT 614. With 1367 weaned progeny, he enjoys a double-digit CED, WW EPD in the top 2% and YW EPD in the top 1%.

G A R Home Town

This four-star ABS carcass trait sire enjoys a generous BW to YW spread, is high fertility, high foot score and top 1% among proven sires for \$G, \$B and \$C. No other proven bull in the Angus database can match his combination of MB, RE and Fat EPDs.

The top performing bull of the 2017 Cal Poly Bull Test that descends from a premier cow family in California Angus. Progeny of Diablo Deluxe have breeched six figures at Crazy K and Spruce Mountain Ranch. He ranks in the top 1% for WW, YW, CW, \$F, \$B and \$C with enviable Doc, Claw and Angle EPDs.

This calving-ease and carcass trait specialist stems from the Sitz Henrietta Pride 643T, the \$195,000 half-interest full sister to long-time Genex growth sire, Sitz Upward 307R. She is a leading member of a cow family recognized as one of the top progeny income producers in the breed. He enjoys a strong EPD profile top to bottom defying performance antagonisms.

Home Town was the talk of the 2020 sale season when he garnered a \$475,000 half-interest bid to top the Gardiner Angus Ranch Sale. Now featured at Select Sires, he is a breed anomaly combining calving ease with cutting edge marbling and ribeye as well as a stand-alone combination of \$G and \$C.

**Boyd Forever Lady 7120** - The \$225,000 great-granddam of Lot 1.

**SydGen Black Pearl 2006** - Sire of Lot 2.

**SydGen Anita 8611** - Paternal granddam of Lot 2.

**Potential Carriers Statement**

Regarding Lots 6A, 28A, 33A, 44A and 62A:

- Pursuant to rule 307 of the AAA, any potential female carrier of AM, NH, CA or OS is eligible for registration following testing at an AAA approved laboratory. Test results will be denoted on such animal's registration. Testing/registration procedures and expense on these heifers will be the responsibility of the buyer.

Regarding Lots 18A and 76A:

- Pursuant to rule 307 of the AAA, any potential male carrier of AM, NH, CA or OS must be tested at an AAA approved laboratory and tested "free" of such mutation before registration papers can be issued. Testing/registration procedures and expense on these bulls will be the responsibility of the buyer. The sale of these bulls, registerable or not, will be final.
