HEALTH:

Interstate health papers furnished on all cattle selling.

EPDS & \$VALUES:

The American Angus Association is now calculating EPDs on a weekly basis using all available carcass harvest data, ultrasound data and the Igenity Angus specific genomic profile data. It is possible new data has been submitted between the date the catalog was finalized and sale day, which will affect the individual EPDs and \$Values indexes of the animals selling. If your purchasing decision relies highly on the most current data available, please look up animals of interest on the American Angus Association web page prior to viewing the sale offering.

TERMS: Cash - please settle for cattle promptly.

TERMS & CONDITIONS:

All cattle sell according to the standard terms and conditions of the American Angus Association.

TRUCKING: We will be glad to assist in making the best possible trucking arrangements.

INSURANCE:

Will be available sale day through Conover Auction Service, an American Livestock Agent.

LIABILITY:

All persons attending this sale do so at their own risk, legal or otherwise for their safety or the behavior of the animals. The Owners, Auction Service and Sale Staff assume no liability for property loss or any accidents that may occur.

ANNOUNCEMENTS:

From the block will take precedence over the catalog. Buyers unable to attend may send their bids to the Auction Service, Field Representatives or Auctioneer.

LUNCH: Will be available sale day.

Welcome, friends old and new,

Another year has come and gone, and sale time is here again.

This year's sale offering has been fed twice daily, a high roughage, balanced diet of silage, earlage, mixed hay and corn. Also, in the ration are chelated minerals with a high level of vitamins and amafarm to help them reach their genetic potential..

We are selling all of the 2019 heifer calves except 10 head. Again, there will be a good set of two year old bulls.

The sale will again, be at Sumption Farms, Frederick, SD. Video only, but cattle will be on display for your inspection.

We strive to breed cattle that are structurally sound, fertile, and can survive in our harsh South Dakota climate. We also believe these cattle have great dispositions second to none.

We greatly appreciate your business, and hope to see you on sale day.

Thank you,
Michael Erdmann

Dear Cattlemen,

The Michael Erdmann Angus Sale has matured into an annual event of great significance and a proven source of genetic material that capitalizes on premiums paid for the superior calving ease, efficient growth, maternal and carcass attributes bred in. These cattle have not only survived, but, thrived for 10 or more generations of natural selection on harsh South Dakota prairie and stand ready

to reveal their genetic potential in your operation.

It is an important time in the cattle industry with abundant supplies of red meat, but consumer demand has not waivered. Especially for premium beef in the upper two-thirds Choice and Prime. Profit margins remain thin so getting your breeding program in a place where you can capitalize on CAB premiums and the like is more than nicety - it is a necessity. Michael Erdmann has met the calling with AI sires on the forefront of the industry and walking herd bulls that bend the growth curve.

Plan to join Conover Auction Service in Aberdeen on February 3rd for this important Angus event. We welcome your pre-sale inquiries at our office or any of the contact numbers provided.

Sincerely
Al and Jeanne Conover
