powered by DV Auction

**IT'S NEW...**

**IT'S EXCITING...**

**IT'S CONOVERONLINESALES.COM**

Buying online is as easy as 1, 2, 3...

1. Create a new DV auction account at [www.conoveronlinesales.com](http://www.conoveronlinesales.com)
2. Apply for bidding approval by clicking on the "details" tab at least 24 hours prior to the auction-a DV representative will notify you once you have been approved
3. Tune in for the sale and make your purchases!

**High speed internet** is required for successful bidding-be sure to check the lag-time monitor in the top left corner to ensure real-time broadcasts.

**Proxy Bidding**-if you can't make time to watch the sale, register a proxy bid and let our system represent your bid while you're away. Look for the "proxy bid" tab on the auction listing, and fill in your maximum bids. We'll handle the rest!

**Having troubles?** During the auction, you can type a message to the operator at any time for assistance. Our full-time support team can also always be reached at (402) 474-5557.

Dear Angus Friends,  
 Each year June marks the near end of spring calving, the joy of turning pairs out on green grass pastures and the promise of a summer filled with Angus activities. One of the most anticipated Angus events each year is the Hawkeye Country Sale which unveils a new crop of breeding stock ready to prosper in their new homes. This year, perhaps more than ever, the offering set a higher bar for quality and quantity. Leading the parade will be three major herd reductions from small, but elite Angus programs that have been long-time contributors to past Hawkeye Country and Midwest Connection Sales.

Herd bulls abound, with four elite sires used in registered breeding programs, just in time for spring "turn out". The number of AI sired, high EPD, high performance, top of the contemporary group bulls is unprecedented in Hawkeye history. Again, this year, we have proven donors, spring pairs, fall breds and a tremendous selection of spring yearling heifers. Many will be short bred to AI sires, others left open to breed

to the bull of your choice. Finally, we have several sets of embryos from elite donors and thoughtfully mated to leading sires, as well as a flush opportunity of the highest caliber that could put your program on the map.

Join us for this traditional summer Angus activity and enjoy some southern Iowa hospitality brought to us by our friends at the Bloomfield Livestock Auction. See you on June 2nd

Al and Jeanne Conover

- Individual Performance: BW 88.
- Dam's Production: NR 2@98, YR 2@98.
- Actual Scrotal Measurement: 43.0 cm.
- A strong-aged, robust son of Resource with growth credentials.
- His sire, SAV Resource 1441 was the \$110,000 4th top-selling bull of the 2012 SAV Sale and quickly became one of the most heavily used young sires in the breed. His progeny have earned him EPD values for YW, CW and RE in the top 3% or better.
- Maternal grandsire, SAV Pioneer 7301 first earned national attention as the \$65,000 top-selling bull in the 2008 SAV Sale and is now a Pathfinder sire and prominent Genex/CRI stud. Pioneer was one of the most heavily used bulls of his calf crop in the Angus breed.

## Show Heifer Prospect Senior Heifer Calf Division

- Individual Performance: BW 82 lbs.
- Dam's Production: BR 1@100, NR 1@100.
- Grandam's Production: NR 4@104, YR 3@100.
- His dam posted individual performance of BWR 99 and WWR 109 prior to her induction in the Conrad breeding program.
- Her maternal sister was a feature in the 2016 Hawkeye Country Sale selected by ALS Angus, Danville IL.
- Her sire, PVF Insight 0129, is the moderate birth weight Genex sire that is one of the most heavily used Angus sires for several years. He may well be the first noteworthy show sire to defy antagonisms between phenotypic and production attributes boasting WW, YW, RADG, Doc, RE, \$F, \$YG and \$B in the top 15% or better.
- A classy heifer that will work in the show ring or cow herd.

Lot 3

### SAV Brilliance 8077

Service sire of Lot 3

- All bred on 3-15-19 to SAV Brilliance 8077. Vet examined safe and estimated due 12-23-19.
- Individual Performance: BW 70 lbs.
- Dam's Production: NR 1@103, YR 1@100. Calving Interval 3@350 days.
- Grandam's Production: BR 3@100, NR 3@103, YR 2@103.
- A beautiful bred heifer carrying the service of one of ABS's best-proven calving ease sires.
- Her dam earned her admission to Frank Conrad's renowned breeding program with individual performance that included a BWR 97, WWR 105 and YWR 104.
- Her 2016 maternal sister by SA Pioneer 7301 was retained in the herd.
- This heifer will be a herd bull producer. CoCo Elinora was a granddaughter of Krugerrand Of Donamere 490 and one of the best cows ever in the herd.

## Baldrige Dependable D089

- Individual Performance: BW 86 lbs, 205 Wt 822 lbs, WWR 110, 365 Wt 1387 lbs, YWR 111 with 62 contemporaries.
- Adjusted Yearling Ultrasound Scan Data: %IMF 7.59, ratio 123, REA 15.5, ratio 108, Rib Fat .37, ratio 97, Rump Fat 42.
- Adj. Yearling Scrotal Measurement: 38.0 cm.
- **Selling 2/3 interest and full possession. New owner will partner with Jud Baldrige, NE.**
- Selected by Brice Conover as a \$15,000 feature of the 2017 Baldrige Bros Sale "Dependable" has seen extensive use as the main herd sire in the BTC program. It has been the protocol of this renowned herd to acquire as good of bulls as can be found, use them hard for two to three years and move on. Outstanding bulls such as River Hills Kaboom T330, TR Mr Aberdeen 1068Y and Hoover Homestead are bulls of that have walked the Baxter Iowa pastures and later featured in prominent registered herds.
- Many of the 2019 calves offered in the BTC offering in this sale will be sired by Dependable, while at home, sons and daughters will join the herd.
- Paternal half-brothers include the \$157,000 breed sensation, Baldrige Bronc at Mile High Angus and the \$150,000 Baldrige Command CO36 at ABS Global, as well as the \$100,000 Hoover Angus herd sire, Baldrige 38 Special. Commando progeny are attractive, wide bodied, big hipped individuals with sound feet and super dispositions.
- Top 3% Marb, \$G and \$QG, top 10% WW, \$W and \$B index.

## Panther Cr Incredible 6704

Dam of Lot 5

- Individual Performance: BW 71 lbs, 205 Wt 675 lbs, WWR 100, with 12 contemporaries.
- Adjusted Yearling Ultrasound Scan Data: %IMF 2.23, REA 13.2, ratio 109, Rib Fat .13, ratio 50, Rump Fat .15, ratio 54.
- Dam's Production: NR 1@100. REA 1@109, Rib Fat 1@50, Rump Fat 1@54.
- His sire, Panther Cr Incredible 6704 was selected from the 2017 Panther Creek Production Sale by Krebs Ranch, NE; Sullivan Cattle Inc, MO and Douglas Groth, IL at \$70,000 2/3 interest. That sensation of the 2017 sales season suffered an untimely death and left a void because of his exquisite phenotype, outcross pedigree, and amazing EPD profile, boasting a one-of-a-kind combination of CED, BW, WW and YW EPDs.
- His paternal half-brothers include the \$42,500 top-seller at 2019 Krebs Ranch Sale as well as 3rd and 4th top-sellers at \$30,000 each. Incredible sons included members of Krebs Ranch's Champion Carload and Champion Spring Division Pen of Three Bulls at the 2019 NWSS. In addition, his get includes the \$30,000 and \$20,000 top and second-top selling bulls of the 2019 Bush Angus Sale, the \$17,000 and \$13,000 top and second-top selling bulls at the 2019 Jallo Angus Sale, \$21,000 RBM high-seller and the top-seller at Bobcat Angus Ranch at \$10,500.
- Born unassisted out of a first-calf heifer that recorded individual performance of WWR 115 and YWR 126 prior to her induction in this breeding program.

Lot 6A

- AI bred on 5-5-19 to MGR Treasure.
- Production: BR 1@97, NR 1@117, YR 1@105.
- Dam's Production: BR 7@97, NR 7@113, YR 6@104. REA 7@101. Calving Interval 7@374 days.
- This former Brice Conover **donor** dam got into the breeding program with individual performance that featured a BWR 86, WWR 120, IMF ratio 111 and RE ratio 101.
- The propagation of the Kirsten cow family was a joint venture by AJC Angus, Hassing Angus Farm and later Gary Wall from the foundation AJC HAF Kirsten 45J, who was an extremely successful "bred and owned" show heifer for Adam Conover. This family produced 3 of the 4 test station standouts in the Brice Conover offering of the 2014 Iowa Angus Bull Test.
- The grandam, GW Kirsten 008 is a former donor dam in the BTC/ Gary Wall joint ET breeding program and produced a top indexing bull in the 2014 Iowa Angus Bull Test that sold to Don Platt, Massena IA. "008" and her daughter were the \$22,000 top-selling pair of the 2014 Midwest Connection Sale selected by Haugen Cattle Co, ND as part of the Brice Conover Major Herd Reduction.
- Sons have been the herd sire selections of Jody Ledgerwood, MO; Bob Sobotka, IA and Chad Jones, IA.

### Two Pathfinder Dams

#### BTC Dependable 914

Lot 7

Lot 7A

- All bred on 4-22-19 to HA Cowboy Up 5405 and observed safe to Cowboy Up.
- Production: BR 4@86, NR 4@106, YR 2@101. IMF 2@100, Rump Fat 2@92. Calving Interval: 4@374 days.
- Dam's Production: BR 8@98, NR 8@103, YR 5@102. IMF 3@109, Rump Fat 3@96.
- This Pathfinder dam entered the BTC breeding program based on her individual performance of BWR 99 and WWR 111. Her 2016 and 2017 daughters have mimicked her performance attributes and were similarly retained in the herd.
- Her 2018 son was the 2nd top feed efficiency bull and 4th top gaining bull of the 2019 Iowa Angus Bull Test and selected by Clark Dolch, IA.
- Put a high value on her mating to the \$350,000 HA Cowboy Up 5405. He sired the \$32,000 ½ interest top-selling open heifer at the 2019 NWFFS. The \$26,000 and \$22,500 top and second-top selling bulls of the 2019 Hoffman Ranch Bull Sale in NE were sired by Cowboy Up as well.

Lot 8

#### BTC Kirsten 611

Daughter of Lot 8  
selected by  
Mike & Sheila  
Whittington, IA

- Production: BR 5@99, NR 5@104, YR 3@98. REA 5@100, Rib Fat 5@100. Calving Interval: 5@364 days.
- Dam's Production: BR 8@98, NR 8@103, YR 5@102. IMF 3@109, Rump Fat 3@96.
- This Pathfinder dam produced a featured heifer in the 2017 Hawkeye Sale selected by Mike and Sheila Whittington, IA while her sons are bull test graduates in Iowa Angus and Minnesota Beef Improvement tests selling to Whittmayer Grazing Assoc, MT; Mike and Brenda Stark, IA; Casey Ogier, IA and Jeff Bennett, MN.
- Her grandam, AJC HAF Kirsten 45J was an extremely successful "bred and owned" show heifer for Adam Conover selected many times Champion Female throughout the Midwest and East Coast. She was also the dam of the 2001 Iowa State Fair Bull Calf Champion, AJC HAF Traveler 012 and later topped the 2001 AJC Dispersion. This family produced 3 of the 4 test station standouts in the Brice Conover offering of the 2014 Iowa Angus Bull Test.
- Her sire, Stevenson Paycheck 9415, was the \$26,000 top selling and lead-off bull of the 2005 Stevenson Basin Fall Sale.

- Dam's Production: BR 4@77, NR 4@102, YR 1@103. IMF 4@113.
- A BTC donor dam with embryos sold through the 2018 National Western Foundation Female Sale.
- Her 2014 bull calf by Homestead ratioed 110 at weaning, posts a double-digit CED, sub-zero BW EPD and triple-digit YW EPD.
- A maternal sister to the 2nd top-selling bull of the 2011 Hawkeye Country Sale, BTC Kaboom 005 selected by Crouch Angus, IA.
- Her dam sold as a feature in the 2014 Midwest Connection Sale and was selected by Bechtold Angus farm, La Porte City IA at \$4750.
- Even 10 years after his birth, Baldridge Waylon W34 dominates in growth and carcass value. In fact, no proven bull in the Angus breed can match his combination of CW, MB, RE and \$B.
- She boasts a rare combination of BW, WW, YW, \$W, \$F and \$B all in the top 15% or better.

- AI bred on 5-5-19 to MGR Treasure.
- Production: BR 2@87, NR 2@103, YR 1@103. IMF 6@110. Calving Interval: 4@363 days.
- Dam's Production: BR 4@77, NR 4@102, YR 1@103. IMF 4@113.
- The donor dam is a maternal sister to BTC Lizy 405, a BTC donor dam and descending from the foundation Carlson Alliance 4156 who was a top-selling cow in a past Hawkeye Country Sale. "4156" produced the Kel McC Angus herd sire BTC Iowa 702, high-selling bull of the 2008 IA Bull Test.
- Her dam, BTC Lizy 801 is a proven calving ease cow with an astonishing production record. She produced a full brother to "201", BTC Kaboom 005 that was the featured and 2nd high-selling bull of the 2011 Hawkeye Country Sale selected by Crouch Angus Valley in Iowa. Her grandam was also a Hawkeye Country alum that sold to Eddy Cattle Co. "801" sold in the 2014 Brice Conover Major Herd Reduction to Bechtold Angus Farm, IA.
- River Hills Kaboom T330 was the \$8100 high selling bull ever at River Hills in SD until their historic dispersion. He in turn sired the top selling bull in the 2011 Iowa Angus Bull Test and the 2nd and 3rd top-selling bulls of the 2014 Hawkeye Country Sale for Brice Conover. Six daughters of T330 were the sensation of the 2015 Midwest Connection Sale selling for an average of \$5100.
- She produced twin bulls that were the top feed efficiency bull and 3rd top-gaining bull of the 2019 Iowa Angus Bull Test to Gary Leonard, IA and the top indexing bull that was the herd sire selection of Doug Smith, IA. Other sons that were IA Bull Test graduates are working in the programs of Jody Ledgerwood, MO and David Billups, MO. Brice thinks her Sky High bull at side may be her best!

- Production: BR 2@99, NR 2@110.
- Dam's Production: BR 6@91, NR 6@115, YR 1@105. Calving Interval: 6@368 days.
- This promising young cow entered the BTC breeding program after posting individual performance of BWR 90 and WWR 115. Her first and second-born daughters were performance standouts as well and similarly inducted into the herd.
- She ranks in the top 20% or better for an incredible 17 EPD and \$Value traits culminating in a \$B index in the top 2% of proven dams.
- Her sire, Baldrige Waylon gained national attention as the \$39,000 (3% interest) featured bull of the 2013 Bases Loaded Sale. Waylon is an outcross performance and carcass trait giant with a moderate frame size. The top-selling bull in the 2015 Baldrige sale at \$100,000 2/3 interest was a Waylon son.
- Her dam also sells as Lot 11.

- Individual Performance: BW 83 lbs, 205 Wt 624 lbs, WWR 99, 365 Wt. 1282 lbs, YWR 99 with 5 contemporaries.
- Dam's Production: NR 1@99, YR 1@99.
- Born unassisted out of a first-calf heifer.
- His sire, Musgrave Aviator first gained world-wide recognition as the \$77,000 2/3 interest top-selling bull of the 2013 Musgrave Sale where he posted individual performance of BWR 98, WWR 117, YWR 116. Aviator has become a cowman's favorite at ORigen where he has sold more semen directly through ORigen than any other bull in the lineup.
- Maternal grandsire, RB Active Duty 010 is the now-deceased ORigen featured sire that is a curve-bending phenomenon with unequalled power, stature, eye appeal and thickness.

							+59.62	+132.24

- Individual Performance: BW 65 lbs, BWR 92, 205 Wt 730 lbs.
- His dam is a first-calf heifer by SAV Priority that stems from the esteemed Barbaramere cow family. Her grandam, KA Barbaramere 4201 was a very successful show heifer for Col Dustin Carter in his Junior years. As a Carter Angus donor she produced the \$10,000 4th top-selling heifer in the 2011 NWFSS and then a \$12,000 heifer at the 2013 NWFSS with many more high sellers on her resume.
- His ORigen featured sire, MOGCK Whispering Wind 48 is a proven calving ease sire with excellent growth traits. His daughters are the replacement kind with great udders and optimum milk. His dam is said to be phenotypically flawless from a cow family revered for maternal attributes. He posts progeny ratios of BWR 106@98, WWR 107@103, YWR 67@103 and IMF 57@109.

- This herd bull prospect is in the top 1% for WW, top 2% CEM, Fat and \$W, top 3% YG and top 10% or better for CED, YW, \$F and \$G.
- He was on the side of his dam when selected by Marty at the 2017 Big Event Sale at Express Ranches.
- His dam is from the famed Lucy cow family pioneered at Basin Angus Ranch. She sports an enviable progeny record and calving interval settling each time on 1st AI service. This is her 4th calf and he was raised in an ET center.
- His grandam, Basin Lucy W213 was a donor for both Basin Angus and Express Ranches and now serves the Ankony Angus program in GA. She is considered the most consistent producing daughter of the \$multi-million producer, Basin Lucy 3824, paternal grandam of Basin Payweight 1682.
- This strong-aged bull will simultaneously sire top replacements and put more pounds on the scale.

- Individual Performance: BW 75 lbs, 205 Wt 692 lbs, 365 Wt. 1257 lbs (ET).
- Adj. Yearling Scrotal Measurement: 39.0 cm.
- The donor dam of Lots 30 and 31, HA Forever Lady 6525 was a foundation cow acquisition from Sullivan Family at Lucas IA. They originally purchased her as a bred heifer at the 2007 NILE Sale in MT from Hinman Angus. "6525" was a sound, functional cow that to be 12 years old and carried a royal pedigree stacking maternal on top of maternal through Pathfinder sires, HA Image Maker 0415, "Scotch Cap 1483" and "Traveler 6807".
- Progeny of Basin Payweight 1682 are going to be hard to find with semen inventories drying up. "Payweight" is an ABS featured calving ease sire that is transmitting extra rib dimension and muscle mass. A daughter was a \$32,000 highlight of the 2017 NWFES and a full sister to Payweight 1682 set a record selling price at the 2015 NILE Sale, topping the event at \$210,000.
- Both bulls boast balanced EPD profiles with the promise of big bodied, thick, easy fleshing progeny with growth and maternal merit.

- Individual Performance: BW 77 lbs, 205 Wt 676 lbs, 365 Wt. 1177 lbs (ET).
- Adj. Yearling Scrotal Measurement: 39.0 cm.
- Maternal brothers sell as lots 30 and 31.
- The donor dam of lots 32 and 33 descends from the famed GDAR Forever Lady 9163, proclaimed by top cowboys as the best "Traveler 6807" daughter ever produced.
- Musgrave Aviator first gained world-wide recognition as the \$77,000 2/3 interest top-selling bull of the 2013 Musgrave Sale where he posted individual performance of BWR 98, WWR 117, YWR 116. Aviator has become a cowman's favorite at ORigen where he has sold more semen directly through ORigen than any other bull in the lineup. Aviator is a sleep-all-night heifer bull with a progeny BW ratio of 1239@98, high accuracy EPDs, great feet and legs, docile disposition – setting an industry standard for calving ease, muscle and phenotype. Aviator is homozygous TT for the Leptin gene that improves feed efficiency, appetite, marbling and maternal strength.
- **Lots 32 & 33 are Recommended for heifers or cows.**

- AI bred on 5-14-19 to JMB Traction 292.
- Production: NR 1@102, YR 1@102, IMF 1@115.
- This cow was selected as a bred heifer from Mindemann Farms in Wisconsin where she recorded astounding individual performance featuring a WWR 113, YWR 115 and RE ratio 121. She has flushed to 2 sires and has already produced 10 offspring. Her natural born son, J-M Ranch Colonel 813 sells in this offering as Lot 35.
- Her sire, RB Tour of Duty 177 is the record-selling bull of the Minnesota Bull Test selected by Crouch Angus Valley who became a top-selling bull at ABS and ORigen. He stands among the top sires in the breed for BW to YW spread and may become the dominant descendant of the famed "Lady" cow family that has produced test station winners from Wisconsin to Montana and record selling females. His dam, BA Lady 6807 305 was also the dam of RB Lady Standard 305-890, the all-time \$170,000 record selling female of the National Western Foundation Female Sale as well as RB Lady Party 192-305, the \$152,000 top seller of the 2015 NWFFS.
- Her service sire, JMB Traction 292 is a Select Sires feature proving to be the premier outcross sire for added muscle and dimension, while offering breed impacting growth, carcass, maternal EPDs, and \$Value indexes. Traction was one of the most exciting bulls in the Denver display last year along with his dam, JMB Emulota 013 who sold in Denver at \$45,000 1/2 interest.
- She ranks in the elite top 1% for WW, CW and \$W and in the top 2% for YW and RE among proven dams.

- Individual Performance: BW 74 lbs, 205 Wt 701 lbs, WWR 102, 365 Wt 1259 lbs, YWR 102 with 6 contemporaries.
- Adjusted Yearling Ultrasound Scan Data: %IMF 4.09, ratio 115, REA 12.8, Rib Fat .30, Rump Fat .31.
- Dam's Production: NR 1@102, YR 1@102 IMF 1@115.
- Actual Yearling Scrotal Measurement 37 cm.
- This light birth weight bull came in-dam from Mindemann Farm in WI and features a front-line pedigree resulting in EPD values that get him in the top 5% for WW and YW, as well as the top 15% or better for Doc, CW, RE, Fat, \$F, \$YG and \$B value among non-parent bulls.
- His sire, Baldridge Colonel C251 is a maternal brother to the "great eight" bulls that headlined the 2016 Baldridge Sale including Select Sires' \$157,000 Baldridge Bronc, Accelerated's \$35,000 Baldridge Compass C041, and Hoover Angus' \$100,000 Baldridge 38 Special. Colonel is a moderate BW bull with tremendous carcass EPDs. The Angus fraternity is abuzz about this son of Baldridge Isabel Y69 that topped the 2017 Baldridge Sale at \$580,000. Colonel recently sired the \$90,000 top-seller of the 2019 Mohnen Bull Sale, the \$40,000 second-top-seller of the Schiefelbein Angus Bull Sale, the \$26,000 top open heifer at the 2019 Denim and Diamonds Sale in Denver.
- His dam also sells as 34.

- Dam's Production: IMF 1@102, Rib Fat 1@36, Rump Fat 1@46.
- This promising first-calf heifer came "in-dam" from Gaffney Cattle program in WI, she blends a noble pedigree, enviable EPDs and valuable service. She descends maternally from the renowned Primrose Lady cow family pioneered in the Sunny Valley program.
- Her sire, Baldrige Jennings Z064 was the \$17,000 feature of the 2013 Baldrige Bros Sale and has proven through extensive progeny proof to be the standout calving ease son of "Waylon". His dam has four sons in AI studs and records 4BR95, 4NR109. Jennings sired seven sons in the 2015 Baldrige Sale that averaged \$11,429.
- Maternal grandsire, Deer Valley All In is a Select Sires feature and a full brother to the \$110,000 VAR Discovery 2240. They share a grandam that is the mother of the #1 Marbling bull, GAR Progress. No other son of Ten X can match All In's combination of CED, \$W and \$B. All in can improve EPD values in almost every economically relevant trait and simultaneously enhance visual appeal.

- Individual Performance: BW 82 lbs, 205 Wt 643 lbs, WWR 115 with 33 contemporaries.
- Adjusted Yearling Ultrasound Scan Data: %IMF 5.03, ratio 109, REA 9.8, Rib Fat .15, ratio 94, Rump Fat .14, ratio 78.
- Dam's Production: NR 1@115. She posts IMF 1@109, Rib Fat 1@94, Rump Fat 1@78.
- Born unassisted out of a first-calf heifer that demonstrated excellent marbling prowess when she posted an individual IMF measurement of 6.61% to ratio 134 among 16 contemporaries. Those carcass trait advantages carried over to this son who boasts top 15% CW, top 10% Marb, top 20% RE and top 3% Fat. Combine that with WW and YW EPDs in the top 1% and you get a complete \$Value index set in the top 10% or better among non-parent bulls.
- Maternal grandsire, PA Full Power 1208, was the \$17,500 1/2 interest top-selling bull of the 2012 Peterson Angus Sale selected by Genex CRI. Full power has an unmatched combination of growth, marbling and REA coupled with breed-leading Docility.
- This Colonel son is a total standout. He is deep, thick, long and sound. He comes from the famous Lantz Blackcap family originating in the Bill Rishel herd in NE.

- AI bred on 12-27-18 to SS Niagara Z29. Vet examined safe and estimated due 10-4-19.
- Individual Performance: BW 73 lbs, BWR 91, 205 Wt 457 lbs, WWR 89, 365 Wt. 985 lbs, YWR 101 with 15 contemporaries.
- Adjusted Yearling Ultrasound Scan Data: %IMF 7.08, ratio 143, REA 10.1, ratio 100, Rib Fat .41, Rump Fat .44.
- Dam's Production: BR 7@96, NR 7@105, YR 5@103. Calving Interval 7@375 days. She posts IMF 8@103, REA 8@103.
- Grandam's Production: BR 7@99, NR 7@108, YR 6@103. She posts REA 28@100, Rib Fat 28@98.
- This ET-born, bred-for-fall heifer is out of a full sister to ABS Global leader, KM Broken Bow 002. Proving himself the old-fashioned way, Broken Bow led ABS in semen sales in 2017 and has rapidly become one of the most popular bulls in the breed. His sons have consistently topped sales where he has been used including the recent \$190,000 Casino Bomber in CA to Vermillion Angus Ranch the \$50,000 Sitz Broken Bow 11076 to Genex and Hilltop Angus, the \$60,000 valued SydGen Blueprint to Justin Spickler and the increasingly popular Spring Cove Reno 4021 at ST Genetics.
- Her sire, A&B Spotlight 3065 is a Select Sires feature and an outcross calving ease option with excellent growth. He has a pedigree stacked with cowmaker sires, Bushwacker, Bando and Wulfs EXT.
- Service sire, SS Niagara Z29, has earned the role as one of Select Sires lead off bulls who will add base width and a super rib design to make attractive big bodied offspring, all while still bringing in breed leading growth.

- AI bred on 11-8-18 to SS Niagara Z29. Vet examined safe and estimated due 8-19-19.
- Individual Performance: BW 92 lbs, 205 Wt 477 lbs, WWR 93, 365 Wt. 938 lbs, YWR 96 with 15 contemporaries.
- Adjusted Yearling Ultrasound Scan Data: %IMF 3.77, REA 10.6, ratio 105, Rib Fat .27, ratio 82, Rump Fat .35, ratio 92.
- Dam's Production: BR 5@95, NR 5@112, YR 3@111. She posts REA 8@101, Rib Fat 8@96.
- Grandam's Production: BR 7@99, NR 7@108, YR 6@103. She posts REA 28@100, Rib Fat 28@98.
- Once again, the donor dam of this heifer is a full sister to ABS semen sales leader, KM Broken Bow 002. The maternal grandam, Summitcrest Princess 0P12 is a second-generation Pathfinder dam that came to KM Cattle Co as their selection from the 2006 Summitcrest Production Sale. She has never missed on any mating and her daughters in the KM herd have prospered.
- Her sire, KCF Bennett Fortress is a Select Sires feature that that boasts one of the breed's highest accuracy spread EPD profiles. He combines a double-digit CED with WW and YW EPDs in the top 2% and a \$W value in the top 1% of current sires.
- Maternal grandsire, Summitcrest Complete 1P55 is an ABS feature that was a former #1 on the main sire summary for REA EPD and in the top 1% for \$B. ABS gives him 4 stars for carcass merit with a "Rock Solid" accuracy.
- Her dam was a \$15,000 feature in the 2018 National Western Foundation Female Sale selected by Knox Brothers in Texas.

- Adjusted Yearling Ultrasound Scan Data: %IMF 1.92, REA 10.8, Rib Fat .10, ratio 42, Rump Fat .08, ratio 29.
- Adj Yearling Scrotal Measurement: 38.5 cm.
- A calving ease bull in a compact and powerful package. Moderate framed with great genomic scores and a balanced EPD profile.
- His sire, VAR Xfinity 3009 is a flush brother to the \$330,000 ½ interest VAR Frontier; a maternal brother to the \$250,000 ½ interest VAR Generation 2100 and the \$100,000 ½ interest VAR Index. His dam, Sandpoint Blackbird 8809 is now featured in the Herbster Angus Farms program where she has exceeded \$4 million in progeny sales.
- He ranks in the top 10% for CED among non-parent bulls.
- His 2016 maternal sister is retained at MFP.
- **Recommended for heifers or bulls.**

- Adjusted Yearling Ultrasound Scan Data: %IMF 3.85, ratio 110, REA 13.4, ratio 108, Rib Fat .23, Rump Fat .36.
- Dam's Production: BR 3@99, NR 3@110, YR 3@105. She posts IMF 2@106, REA 2@100.
- Adj. Yearling Scrotal Measurement: 33.7 cm.
- This mature bull has outstanding growth and carcass trait credentials indicating his progeny will really pay out on sale day.
- His maternal sister in the herd currently boasts a BR 2@100 and NR 2@103. While a maternal brother recorded individual performance of BWR 96, WWR 115 and is also used in-herd.
- His dam stems from a long line of remunerative Forever Lady cows, in fact, his third dam, SAF Forever Lady 6011 is a maternal sister to the Pathfinder sire, SAF Focus of ER descending from GDAR Forever Lady 718 of Sunny Valley fame.
- His sire, JMB Traction 292 is a Select Sires feature proving to be the premier outcross sire for added muscle and dimension, while offering breed impacting growth, carcass, maternal EPDs, and \$Value indexes. Traction was one of the most exciting bulls in the Denver display in 2018 along with his dam, JMB Emulota 013 who sold in Denver at \$45,000 ½ interest.
- He was used enthusiastically in Eugene Nelsons herd until his daughters moved into the breeding program. He is a power bull ranking in the top 5% or better for YW, HP and Milk; top 15% or better for WW, CW, RE, Fat, \$W and \$F.

- Dam's Production: BR 1@86, NR 1@95.
- Adj. Yearling Scrotal Measurement: 37 cm.
- His sire, SAV Sensation 5615 will be remembered indefinitely as the record-selling bull of the breed in 2016 when he topped the SAV Sale at \$650,000 to Herbster Angus where he joined his full brother the \$235,000 SAV Seedstock 4838. Sensation is a direct son of the \$8 million producing SAV Blackcap May 4136.
- His dam was selected by Dan Pike from the 2016 Sharing In The Progress Sale. In 2017 her flush sister, Jensen Geiman Queen3 was the \$10,000 top-selling bred heifer. Full sisters his dam sold to Madeline Taylor / Belle Point Ranch each for \$25,000 for 1/2 interest in the 2015 SITP Sale. They were shown in the 2016 NWSS and a popular class winner came from that exhibition. They now reside in the Belle Point ET program.
- A very stylish bull with only a 72 lb birth weight and calving ease credentials. Great potential in this one.
- His dam sells as Lot 63.
- **Recommended for heifers and cows.**

- Individual Performance: BW 96 lbs, 205 Wt. 704 lbs, WWR 96.
- Dam's Production: NR 2@102. Calving Interval 3@372 days.
- Adj Yearling Scrotal Measurement: 34 cm.
- He blends multiple generations of show ring accomplishment through the noted son of "First Class", EXAR Classen 1422B, a son of a Denver champion out of a daughter of a Denver champion who is a sister to a Denver Reserve champion.
- Maternal grandsire, BC Lookout 7024 is well-known for siring outstanding phenotype. Lookout sired The Grand Champion Owned Heifer at the 2010 National Junior Angus Show and was named as 2014 #2 ROV Show Sire of the Year.
- If you want your next bull to add some style and look to your next calf crop then here he is. This bull has what it takes to take your calves to the next level.
- His dam, WLE Candiss C6529 also sells as 61.

- AI bred on 4-9-19 to PVF Insight 0129 with heifer sexed semen. AI bred 4-24-19 to HAF Cash Deposit 802.
- Production: NR 2@102. Calving Interval 3@372 days.
- Her now-deceased sire, BC Lookout 7024 is well-known for siring outstanding phenotype. Lookout sired The Grand Champion Owned Heifer at the 2010 National Junior Angus Show and was named as 2014 #2 ROV Show Sire of the Year.
- Service sire, PVF Insight 0129, is the moderate birth weight Genex sire that is one of the most heavily used Angus sires in recent years. He may well be the first noteworthy show sire to defy antagonisms between phenotypic and production attributes boasting WW, YW, RADG, Doc, RE, SF, SYG and \$B in the top 15% or better.
- These cows have been pasture exposed (after AI service) to HAF Cash Deposit 802 that was the top indexing and top selling bull of the 2019 Minnesota Bull Test. He is a superb EPD son of Barstow Cash and out of one of the very best Hoover Dam daughters in the breed featured at Hassing Angus.

- AI bred on 4-9-19 to HA Cowboy Up 5405. Pasture exposed from 4-24-19 to HAF Cash Deposit 802.
- Dam's Production: BR 2@95, NR 2@98, YR 3@103.
- 1702 stems from one of the premier cow families in the breed. 5 generations back is the foundation donor, War Sara 0209 7142 that once walked the Vincent Iowa pastures of Steve Schmalenberger's Century Acres Angus and is best known as the dam of Century Touchstone. This family has been propagated with much success at Champion Hill and Express Ranches.
- Her dam is a full sister to the highly acclaimed EXAR Lutton 1831.
- Sire of her 2019 heifer calf, Whitestone Blade 6253 was the junior member of one of the featured pairs in the 2016 Whitestone Sale. A full sister to his dam was the \$10,000 top-selling bred cow in the auction and a maternal sister to a \$32,000 selection a year prior. The common link, Triara Enamel 894U was the undefeated Grand Champion cow of the 2011 Atlantic National, 2011 All American, 2011 Virginia Angus breeders, 2011 West VA State Fair, 2010 VA Angus Breeders Show Grand and Supreme Champion, as well as the 2009 Canadian National Junior Angus Show Grand Champion Female.

- Pasture exposed to EXAR Class Valedictorian 1610. Vet examined safe and estimated due prior to sale date.
- Production: BR 1@86, NR 1@95.
- Selected by Dan Pike from the 2016 Sharing In The Progress Sale. In 2017 her flush sister, Jensen Geiman Queen3 was the \$10,000 top-selling bred heifer.
- Her donor dam is a flush sister to the \$30,000 and \$20,000 top selling heifers in the 2013 SITP Sale. Her 4 flush mates sold at an \$18,700 average for 1/2 interest in 2013. Her most well-known sister, Greiman Jensen Proven Queen 9, was one of the most intriguing heifers shown in the 2013 - 2014 show season. Greiman Jensen Proven Queen 7 had the look of a heifer destined for greatness when she unfortunately broke her leg at a young age. None-the-less she recovered for donor duties in a Cody Jensen / Greiman Family ET partnership.
- Her son sells as Lot 57

- This direct daughter of the renowned PVF ALL Proven Queen 757 are 3/4 sisters to the \$30,000; \$25,000; \$25,000; \$15,000; \$10,000 and \$9250 sale toppers in past Sharing in the Progress Sales.
- A full sister "in-blood" was the Champion at Louisville and both the Junior and Open show at the 2016 National Western Stock Show from the Four Corners Farm in Illinois.
- Her maternal sister, Greiman Jensen Proven Queen 9, was one of the most intriguing heifers shown in the 2013 - 2014 show season. Her mass, rib shape, bone, and soundness was unapparelled in the show ring. Another sister, Greimans Proven Queen 90 was the Reserve Grand Champion Angus Heifer at the 2011 Iowa Beef Expo and Grand Champion Bred and Owned Heifer at the 2011 Iowa Summer Preview Show.

- 166 is out of the fantastic donor and former show heifer, SCC Royal Blackbird GAF 112. Among her winnings include the Supreme Champion Heifer at the Iowa Beef Expo and Champion Owned Heifer at the NJAS She is a full sister to Select Sires' SCC First-N-Goal 114. "Java" is without a doubt the most massive, wide based, deep bodied, heavy boned, sound moving daughter of Dameron First Class.
- Wright SCC Bootlegger 0522 was the Grand Champion bull at the 2013 National Junior Angus Show, Atlantic Nationals and Eastern Regionals. His dam is one of the best "Currency" daughters and stems back to renowned "Phyllis" cow family.
- A full brother to this cow, SCC Tradition of 24, was the Grand Champion Bred & Owned Bull of the 2016 NJAS for Cade Sterzbach. This is the first time in NJAS history that a former NJAS Grand Champion Bull and Grand Champion Heifer from a previous NJAS combined to produce another Grand Champion progeny.

- Adjusted Yearling Ultrasound Scan Data: %IMF 2.84 ratio 100, REA 15.5, ratio 100, Rib Fat .60, ratio 100, Rump Fat .43, ratio 100.
- Dam's Production: She posts IMF 1@100, REA 1@100, Rump Fat 1@100.
- Adj Yearling Scrotal Measurement 40 cm.
- His dam was selected by Ryan Cattle Co from the 2016 Stars of Montana Sale.
- His donor dam is a full sister in blood to the now-deceased EPD spread sensation, Mill Coulee Pay Raise, who is unmatched in the breed among current sires for his combination of BW, WW and YW EPDs. She is also a full sister to ORlGen featured sire, Mill Coulee Payweight 419 and ICC Payloader as well as a paternal sister to Basin Payweight 1682.
- His sire, Plattmere Weigh Up K360 is one of the top YW EPD bulls in the Select Sires line-up. His Pathfinder dam, Barbara of Plattmere 337, by Retail Product is now an elite donor at Deer Valley selling 1/2 interest to Simons Cattle Co at \$20,000 where she produced the donor dam of the \$27,000 top-selling heifer at the 2016 National Western Foundation Female Sale as well as a \$16,000 highlight in the 2017 event.
- A tremendous spread bull with CED, BW, WW, YW, \$W and \$F values all in the top 10% of the Angus population.
- Recommended for heifers or cows.**

**Mill Coulee Pay Raise**  
Full brother in blood to the dam of Lot 66

- AI bred on 3-23-19 to SydGen Enhance.
- Production: BR 2@86, NR 2@97, YR 1@101. Rib Fat 1@94, Rump Fat 1@73. Calving Interval: 3@364 days.
- She stems from the very same Primrose Lady cow family that produced the renowned Pathfinder sire, SVF Bandolier.
- Her sire, VAR Reserve 1111 is the ABS featured son of the \$440,000 Vintage and Herbst donor, Sandpoint Blackbird 8809. She has produced three consecutive registered sons. Steve Gevelinger, Mineral Point WI selected the eldest.
- Her service sire SydGen Enhance was the \$30,000 1/2 co-top-selling bull of the 2015 SydGen Sale where he posted a WWR 116, YWR 114, IMF ratio 132 and RE ratio 108. Progeny of Enhance were the sensation of the 2018 SydGen Sale where he sired the \$24,000 1/2 top-selling bull, and the second and third top-selling open heifers at \$85,000 and \$70,000. Enhance offers the highest \$Beef value of any active sire with a BW EPD better than breed average.

## JJ Scheckel Reference Sires: Bull Group #1

### TOTAL HERD BULL PACKAGE

#### SAV ALLEGIANCE 6277

REG: AAA 18579247  
OWNED BY J.J. SCHECKEL AND SCHAFF ANGUS VALLEY  
SERVES AS A J.J. SCHECKEL HERD BULL

A featured bull in the 2017 SAV Sale, he was a favorite and potential sale topper, with big time performance. He earned a weaning weight of 997 lbs, to ratio 109, against the stiffest competition of contemporary herd mates in the Angus business.

- Ranks in the Top 1% in the breed, for weaning and yearling growth EPD's.
- His dam, SAV Emblynette 1072, is a feminine and productive SAV Brand name daughter. She has a beautiful udder, and front posture phenotype. She has daughters retained in the SAV herd, and multiple high selling progeny in past sales. His granddam is 2nd generation Elite pathfinder.
- His sire, SAV Resource 1441, is one of the most popular, proven, and powerful sires in the Angus breed. He was the #1 Semen revenue bull at Genex AI Stud, and has earned the respect of the entire Angus world. He represents the best of the timeless Rito 707 lineage, and brings to the table massive thickness, fleshing ability, muscle, and superb structure and feet.
- Featured bull in the 2017 SAV Sale
- Displays all the attributes you would expect from SAV, as described by Kelly Schaff. - He is a personal favorite, has a Perfect phenotype, top performance, stellar pedigree, and the maternal superior Emblynette cow family to back him

### POWERFUL PEDIGREE. LINEBRED PREDICTABILITY.

#### SAV ATMOSPHERE 6600

REG: AAA 18579214  
OWNED BY J.J. SCHECKEL AND SCHAFF ANGUS VALLEY  
Maternal Brother, and double bred, to the 8 million dollar producer cow, SAV Blackcap May 4136, along with 6 Bulls working in Major AI Studs, including the \$200,000 SAV Angus Valley 1867.

- Line Bred, to the Blackcap May Family, Double bred to SAV May 2397.
- #1 Ribeye EPD Bull of the entire SAV 2016 calf crop.
- His Dam, SAV May 2397 is currently the #9 income producing cow, in SAV History, and has generated 1.7 Million in revenue, on 51 calves, averaging \$17,539 in past SAV Sales. She also has 6 sons, working in Major AI Stud Facilities, including the \$200,000 SAV Angus Valley 1867, and the \$32,500 SAV Brave 8320, that will be maternal brothers to this Bull.
- His Sire, SAV Resource 1441, is one of the most popular, proven, and powerful sires in the Angus breed. He was the #1 Semen revenue bull at Genex AI Stud, and has earned the respect of the entire Angus world. He represents the best of the timeless Rito 707 lineage, and brings to the table massive thickness, fleshing ability, muscle, and superb structure and feet.
- Featured bull in the 2017 SAV Sale.

### BRED FOR POWER & PERFORMANCE

#### SAV ELONGATE 7901

REG: AAA 18911204  
OWNED BY J.J. SCHECKEL AND SCHAFF ANGUS VALLEY  
FULL FLUSH BROTHER, TO THE RECORD SELLING \$800,000 BULL FROM THE 2018 SALE, SAV ELATION 7899

- Earned a weaning weight of 950 pounds, which was 269 pounds above breed average.
- Ranks in the top of the breed for weaning and yearling growth EPD's.
- His phenomenal dam, SAV Blackcap May 1782, is a herdbull producer, and herd leader at Schaff. She earned a weaning ratio of 112 on 4 calves. She ranks as the #2 weaning EPD cow in the SAV Herd, next only to her daughter. Her powerful body type, udder quality, perfect feet, and consistent top production have given her elite status in the SAV herd.

- Production: BR 1@78, NR 1@109.
- Scheckel Expedition A40 combines the two premier cow families in the ONeill program as he also traces to ONeills Royal Lady 10 the foundation of that family that generated \$375,400 in progeny sales.
- Paternal grandam, ONeills Royal Lady 38 is the last natural daughter of Royal Lady 10. She sold to Maifield Inc for \$11,000 1/2 interest in 2008 and went on to produce a \$16,500 daughter to Southern Cattle Co.
- Her 2019 heifer calf is sired by ONeills Black Bardolier, one of the heaviest muscled, deepest bodied, structurally correct bulls ever produced at ONeill Angus Farms and arguably one of the thickest in the breed. Black Bardolier, was one of the most highly applauded bulls on display at the 2016 NWSS. Exclusive EU semen rights on Black Bardolier sold to Belock Angus in Scotland at \$30,000 and Ivydale Angus, Australia purchased rights to his Australia and New Zealand semen sales for the same.

- Dam's Production: NR 3@112, YR 2@106, REA 6@103, Rump Fat 6@98.
- He has a tremendous EPD profile with a CED in the top 30% complimented by WW, YW, \$W and \$F values in the top 1% of the Angus population.
- He is an ET son of a Strasburg Angus donor dam that earned her way into the ET program with individual performance of WWR 107, YWR 108, IMF ratio 115 and RE ratio 104. She descends maternally from Bon View Gammer 85 the heralded dam of Pathfinder sires, Bon View New Design 878 and Woodhill Foresight.
- His sire, Barstow Cash was the talk of the 2012 sale season when he sold \$108,000 1/3 interest to become the record selling bull at Barstow Angus. Cash is a calving ease bull with strong growth and carcass values. Cash has received recent accolades when a son bred at Hassing Angus was the top-gaining, top-indexing and top-selling bull of the MN Bull Test selected by PS Farms. Two additional sons claimed top feed efficiency and top indexing bulls of the 2019 IA Angus Bull Test for Brice Conover.

- Production: NR 1@95, YR 1@97.
- Dam's Production: YR 4@99. IMF 2@115. Calving Interval: 12@366 days.
- Will be bred by sale day to Nichols Top Cut G958 (PB Simmental).
- A 1/2 Angus, 1/2 Simmental cow that is double-black, double-polled.
- She combines some of the foremost Nichols Farms sires in Nichols Steadfast T139, featured in ABS and the Crawford & Crawford program at Adair IA, as well as Simmental foundation sires HS Power Drive 88H and Black Irish Kansas.
- The sire of her 2019 bull calf, Nichols Top Cut SME013, is a homozygous black, polled, purebred Simmental that is sired by the renowned CCR Cowboy Cut 5048Z that is the #1 bull for Simmental registrations. Top Cut ranks in the top 10% for a number of EPD traits as well as API and TI.

- AI bred to the popular Deer Valley Growth Fund and confirmed due 01-02-20.
- Here's a donor cow that is hard to part with. KeeKee has been one of my very favorite females since she was born. She embodies what I think Angus cows should be ... moderate, powerful, sound, fertile, efficient. She has done a great job for us raising both bulls and females. Look at her EPD profile and there are no holes, she's calving ease to top 10% of the breed at a year. This is a rock solid female that is in the prime of her life with another potential donor female at her side by Bruns Blaster. This special feature of the Tri-K offering has anchored their ET program for several years. She is the top performance and phenotype female for the Tri-K program. If you study her pedigree, you'll notice all the great maternal bulls are there. She's the perfect size, deep ribbed, square hipped, and stands perfectly square at the ground. She has done a great job in the program raising both bulls and females.
- Her sons have been the thoughtful herd sire selections of Vernon De Tar, Albia IA; Gary Runyon, Allerton IA; and Randy Sienknecht, Gladbrook IA.
- She enjoys both calving ease and growth credentials boasting a CED in the top 4%, YW, RADG, SC, RE and \$F in the top 10% of proven dams.
- The sire of her 2019 daughter, Bruns Blaster, topped the 2015 Bruns Angus Sale in South Dakota at \$65,000 to Musgrave Angus and is now featured in the Genex line-up. He is a boldly sprung, stout featured bull with an EPD profile that ranks him in the top 1% for WW, YW, Doc, Milk, \$W and \$F.
- Her service sire, Deer Valley Growth Fund is one of the most intriguing young sires to enter AI this year. This Select Sires growth bull is sired by "Payweight 1682" and out of a "Weigh Up" dam. He currently ranks in the top 1% for WW, YW,

- AI bred to Bobcat Blue Sky sexed Heifer semen due 01-02-20.
- She ranks in the top 1 % of the breed for rib eye area, so expect her calves to excel in muscle. AI bred to Bobcat Blue Sky sexed heifer semen.
- Another promising first-calf heifer with a highly regarded pedigree and balanced EPD profile. Her bull calf by Basin Payweight 1682 will be a herd bull prospect.
- Her sire, PVF Insight 0129, is the moderate birth weight Genex sire that may well be the first noteworthy show sire to defy antagonisms between phenotypic and production attributes boasting WW, YW, RADG, Doc, RE, \$W, \$F and \$YG in the top 20% or better. Currently, Insight progeny have earned him the #2 Sire of the Year position in 2018-2019 ROV Standings.
- Her service sire, Bobcat Blue Sky was the top-selling bull of the 2018 Bobcat Sale that is one of the most requested bulls in the ST Genetics Bull Stud. He combines exquisite phenotype with strong growth and carcass EPDs and a \$B value of +188.39.

- The donor dam is a high growth and carcass Resource daughter ranking in the top 10% or better for WW, YW, Doc, RE, \$F and \$YG.
- SydGen Enhance was the \$30,000 1/2 co-top-selling bull of the 2015 SydGen Sale where he posted a WWR 116, YWR 114, IMF ratio 132 and RE ratio 108. Progeny of Enhance were the sensation of the 2018 SydGen Sale where he sired the \$24,000 1/2 top-selling bull, and the second and third top-selling open heifers at \$85,000 and \$70,000.

• This donor is a heifer that Dr Pugh holds in high regard. Her dam by Hot Lotto was his pick of the Sharing In The Progress Sale from Jensen Angus. There is loads of performance built into her pedigree and she is fancy enough for a lot of mating flexibility. Ranks in the top 2% WW, top 1% YW and Top 10% \$W and \$B.  
• Her donor dam is pictured on page 45.

## American Angus Association® Selection Tools

**Expected Progeny Difference (EPD)**, is the prediction of how future progeny of each animal are expected to perform relative to the progeny of other animals listed in the database. EPDs are expressed in units of measure for the trait, plus or minus. Inbreed EPDs may appear on young animals when their performance has yet to be incorporated into the American Angus Association National Cattle Evaluation (NCE) procedures. This EPD will be preceded by an 'I', and may or may not include the animal's own performance record for a particular trait, depending on its availability, appropriate contemporary grouping, or data edits needed for NCE.

**Accuracy (ACC)**, is the reliability that can be placed on the EPD. An accuracy of close to 1.0 indicates higher reliability. Accuracy is impacted by the number of progeny and ancestral records included in the analysis.

### GROWTH

**Calving Ease Direct (CED)**, is expressed as a difference in percentage of unassisted births, with a higher value indicating greater calving ease in first-calf heifers. It predicts the average difference in ease with which a sire's calves will be born when he is bred to first-calf heifers.

**Birth Weight EPD (BW)**, expressed in pounds, is a predictor of a sire's ability to transmit birth weight to his progeny compared to that of other sires.

**Weaning Weight EPD (WW)**, expressed in pounds, is a predictor of a sire's ability to transmit weaning growth to his progeny compared to that of other sires.

**Residual Average Daily Gain (RADG)**, feed efficiency expressed in pounds per day, is a predictor of a sire's genetic ability for postweaning gain in future progeny compared to that of other sires, given a constant amount of feed consumed.

**Yearling Weight EPD (YW)**, expressed in pounds, is a predictor of a sire's ability to transmit yearling growth to his progeny compared to that of other sires.

**Yearling Height EPD (YH)**, is a predictor of a sire's ability to transmit yearling height, expressed in inches, compared to the that of other sires.

**Scrotal Circumference EPD (SC)**, expressed in centimeters, is a predictor of the difference in transmitting ability for scrotal size compared to that of other sires.

**Docility (DOC)**, is expressed as a difference in yearling cattle temperament, with a higher value indicating more favorable docility. It predicts the average difference of progeny from a sire in comparison with another sire's calves.

### MATERIAL

**Heifer Pregnancy (HP)**, is a selection tool to increase the probability or chance of a sire's daughters becoming pregnant as first-calf heifers during a normal breeding season. A higher EPD is the more favorable direction, and the EPD is reported in percentage units.

**Calving Ease Maternal (CEM)**, is expressed as a difference in percentage of unassisted births with a higher value indicating greater calving ease in first-calf daughters. It predicts the average ease with which a sire's daughters will calve as first-calf heifers when compared to daughters of other sires.

**Maternal Milk EPD (MM)**, is a predictor of a sire's genetic merit for milk and nursing ability as expressed in his daughters compared to daughters of other sires. In other words, it is that part of a calf's weaning weight attributed to milk and nursing ability.

**Mature Weight EPD (MW)**, expressed in pounds, is a predictor of the difference in mature weight of daughters of a sire compared to the daughters of other sires.

**Mature Height EPD (MH)**, expressed in inches, is a predictor of the difference in mature height of a sire's daughters compared to daughters of other sires.

**Cow Energy Value (\$EN)**, expressed in dollars savings per cow per year, assesses differences in cow energy requirements as an expected dollar savings difference in daughters of sires. A larger value is more favorable when comparing two animals (more dollars saved on feed energy expenses). Components for computing the cow \$EN savings difference include lactation energy requirements and energy costs associated with differences in mature cow size.

### CARCASS

The genetic evaluation produces a single set of EPDs for carcass weight, marbling score, Ribeye area and fat thickness. The units of measure are in carcass trait format and analyzed on an age-constant basis.

**Carcass Weight EPD (CW)**, expressed in pounds is a predictor of the differences in hot carcass weight of a sire's progeny compared to progeny of other sires.

**Marbling EPD (Marb)**, expressed as a fraction of the difference in USDA marbling score of a sire's progeny compared to progeny of other sires.

**Ribeye Area EPD (REA)**, expressed in square inches, is a predictor of the difference in ribeye area of a sire's progeny compared to progeny of other sires.

**Fat Thickness EPD (FAT)**, expressed in inches, is a predictor of the differences in external fat thickness at the 12th rib (as measured between the 12th and 13th ribs) of a sire's progeny compared to progeny of other sires.

### \$VALUE INDEXES

**\$Value indexes**, are multi-trait selection indexes to assist beef producers by adding simplicity to genetic selection decisions. \$Values are reported in dollars per head, where a higher value is more favorable. The \$Value is an estimate of how future progeny of each sire are expected to perform, on average, compared to progeny of other sires in the database if the sires were uniformly mated to cows and if calves were exposed to the same environment.

**Wentworth Calf Value (\$WC)**, an index value expressed in dollars per head, is the expected average difference in future progeny performance for postweaning merit. \$WC includes both revenue and cost adjustments associated with differences in birth weight, weaning direct growth, maternal milk, and mature cow size.

**Fruited Value (\$F)**, an index value expressed in dollars per head, is the expected average difference in future progeny performance for postweaning merit compared to progeny of other sires.

**Grid Value (\$G)**, an index value expressed in dollars per head, is the expected average difference in future progeny performance for carcass grid merit compared to progeny of other sires.

**Quality Grade (\$QG)** represents the quality grade segment of the economic advantage found in \$G. \$QG is intended for the specialized user wanting to place more emphasis on improving quality grade. The carcass marbling (Marb) EPD, which is influenced by carcass marbling scores and ultrasound percent intramuscular fat (% IMF) measurements, contribute to \$QG.

**Yield Grade (\$YG)** \$YG represents the yield grade segment of the economic advantage found in \$G. \$YG is intended for the specialized user wanting to place more emphasis on red meat yield. It provides a multi-trait approach to encompass ribeye, fat thickness and weight into an economic value for red meat yield.

\$G combines both \$QG and \$YG, and may be the best carcass decision tool for focusing on quality and red meat yield simultaneously.

**Beef Value (\$B)**, an index value expressed in dollars per head, is the expected average difference in future progeny performance for postweaning and carcass value compared to progeny of other sires.

# Notes

## DIRECTOR OF BREED IMPROVEMENT.

With more Angus influenced cattle qualifying for the *Certified Angus Beef*® brand than ever before, it's clear that the Angus bull has become America's bull. He sires calving ease, growth and superior marbling. He works well in any environment, and on any cow, regardless of breed. Make sure that America's bull serves as your director of herd improvement.

Angus. America's breed. Go to [www.Angus.org/businessbreed](http://www.Angus.org/businessbreed) or call 816.383.5100 to learn more.
