**MFP BREEDING GUARANTEE:** The bulls that are selling are fertile to the best of our knowledge. If in the 1st 90 days they injure their reproductive system making them unable to service cows, we will provide you with a satisfactory animal if available, or issue you a credit equal to your purchase minus \$2,000 salvage value of your animal. This credit can be used in the purchase of any animal in the following years sale. We request that you inform us of your bulls injury by letter before you cull the injured or infertile bull. All bulls have passed a breeding soundness exam by Dr. Russ Stickley DVM, Parkersburg, IA.

## GENERAL INFORMATION

**SALE LOCATION:** Waverly Sale Co., 2215 5th AVE NW, Waverly, IA 50677  
Phone: 319-352-2804.

### MOTEL ACCOMMODATIONS:

Cobblestone Inn & Suites, 208 E Bremer Ave., Waverly, IA. 319-352-1311;  
Quality Inn, 404 29th Ave SW, Waverly, IA, 319-352-0399.

### INSPECTION OF CATTLE:

Cattle are available for inspection and viewing anytime prior to the sale. Please call to make arrangements.

### HEALTH:

Interstate health papers furnished on all cattle selling. All bulls semen tested prior to the sale and are guaranteed breeders.

### EPDS & \$VALUES:

The American Angus Association is now calculating EPDs on a weekly basis using all available carcass harvest data, ultrasound data and the Igenity Angus specific genomic profile data. It is possible new data has been submitted between the date the catalog was finalized and sale day, which will affect the individual EPDS and \$Values indexes of the animals selling. If your purchasing decision relies highly on the most current data available, please look up animals of interest on the American Angus Association web page prior to viewing the sale offering.

**TERMS:** Cash - please settle for cattle promptly.

### TERMS & CONDITIONS:

All cattle sell according to the standard terms and conditions of the American Angus Association.

**BULL BOARDING & TRUCKING:** All bulls can be housed free of charge until April 30th. Delivery will begin May 1st. Free delivery of bulls in the state of Iowa or to central points in surrounding states.

### BULLS SELLING:

Marks Family Purebreds is retaining 1/3 semen revenue sharing interest in all the bulls cataloged. The buyer will be purchasing 2/3 interest, 100% possession, and 100% Salvage value of the bull. Volume discount on bulls only, starting at 3 bulls, 3% and increasing 1% for each additional bull up to 5 bulls - 5% maximum discount.

### FEMALES SELLING:

All open heifers selling are guaranteed to breed within 6 months of the sale. All females need to be picked up from the sale location the day of the sale or within a couple of days unless other arrangements have been made.

### INSURANCE:

Will be available sale day through Conover Auction Service, an American Livestock Agent.

### LIABILITY:

All persons attending this sale do so at their own risk, legal or otherwise for their safety or the behavior of the animals. The Owners, Auction Service and Sale Staff assume no liability for property loss or any accidents that may occur.

### ANNOUNCEMENTS:

From the block will take precedence over the catalog. Buyers unable to attend may send their bids to the Auction Service, Field Representatives or Auctioneer.

Friends of the Industry,

Hello again from Iowa and thank you for giving our program your consideration in 2019. As I sit inside working on our sale catalog, outside is shaping up as some of the nicest weather we have had for a long time. The sounds of spring are in the air and I hope she continues to progress as so many of us are dependent on springs arrival. As we look forward to summer grass, let us keep in mind our friends that have had a hard road to get to today. So many of us have had to "weather the storm" the past few years, and with the song of the Robin I can see changing markets. Let this be the signal that the "storms" are passing.

Through the years we have stayed true to our belief that without providing a great product for the consumer, we have no business. This philosophy rings true on all levels of our production and management. The success of the beef industry as a whole begins at your local meat counter. You will see in our offering the special focus on genetics with end product merit with the ability to perform.

We believe that to provide you with the most optimal breeding bull, they must be grown slow and developed right. The bulls that we are offering to you are lean and ready to go cover your ground. These bulls will not shrink on you. We would like you to buy these bulls in confidence. All bulls selling to the best of our knowledge are breeding bulls, and will do so with a proper breeding soundness exam.

This year we will offer a tremendous set of spring replacement heifers as we are completely dispersing our 2018 heifer crop. Please take the time and look through the female offering as it is the culmination of my breeding efforts for many years. It is hard to let them all go, but by offering up the great females of my herd it will create new friendships within the business for many years to come.

You have many options in your selection for genetic improvement for your herd. We are humbled that you have given us the time to try and earn your business in the future. Please accept our invitation to join us April 7th for a warm meal and fellowship with friends in the industry. We hope to see you soon.

Sincerely,  
Ehren and Jim Marks

*Dear Cattlemen,*

*I have watched with real appreciation as this young herd grew from a well-thought genetic vision to a well-executed acquisition of superior seedstock now poised to deliver an Angus product unequaled in Iowa. Marks Family Purebreds have already highlighted recent Angus events such as the National Western Foundation Female Sale, National Western Angus Bull Sale, Hawkeye Country Angus Sale, Iowa Beef Expo and more. On April 7th they will hold their second annual production sale – a much anticipated event.*

*Everything has been done to assure your satisfaction and knowledge of the bulls or heifers you choose. With only a few exceptions, this offering has been weighed at birth, weaning and at a year; ultrasounded for carcass traits, and evaluated by 50K DNA analysis. Those results have been incorporated in the catalog as well as dam's production and complete EPDs and \$values.*

*This offering features the successful results of an aggressive AI and ET program as well as progeny of natural service sires of superior phenotypic and data quality. Most of this offering excels under EPD scrutiny with many in the highest ranks of the breed.*

*Please plan to join Jeanne, Dave and myself in Waverly IA on April 7th. Contact our office, Ehren Marks, or any of the numbers listed with your pre-sale inquiries.*

Respectfully,  
Al and Jeanne Conover
