GENERAL INFORMATION

SALE LOCATION: At the Ranch, located 1 mile east of Bowen, IL on Rt. 61, then 2 miles north, watch for signs.

MOTEL ACCOMMODATIONS: Quality Inn & Suites, Keokuk North. 319-524-9000. Super 8, Keokuk, IA. Phone: 319-524-3888. Days Inn, Quincy, IL. Phone: 217-223-6610. Super 8, Quincy, IL. Phone: 217-228-8808.

INSPECTION OF CATTLE: Cattle can be viewed at the ranch anytime

TERMS: Cash. Please settle for cattle promptly.

TERMS & CONDITIONS: All cattle sell according to the standard terms and conditions of the American Angus Association.

EPDS & \$VALUES: The American Angus Association is now calculating EPDs on a weekly basis using all available carcass harvest data, ultrasound data and the Ingenty Angus-specific genomic profile data. It is possible new data has been submitted between the date the catalog was finalized and sale day, which will affect the individual Carcass EPDS and \$Values indexes of the animals selling. If your purchasing decision relies highly on the most current carcass data available, please look up animals of interest on the American Angus Association web page prior to viewing the sale offering.

HEALTH: Interstate health papers will be furnished on all cattle selling.

TRUCKING: We will be glad to assist in making the best possible trucking arrangements.

INSURANCE: Will be available sale day through Conover Auction Service, an American Livestock agent.

LIABILITY: All persons attending this sale do so at their own risk, legal or otherwise for their safety or the behavior of the animals. The Owners, Auction Service and Sale Staff assume no liability for property loss or any accidents that may occur.

ANNOUNCEMENTS: From the block will take precedence over the catalog. Buyers unable to attend may send their bids to the Auction Service, Field Representatives or Auctioneer.

LUNCH: Complimentary lunch sale day starting at 11:30 am.

Breeding Guarantee: We guarantee that all the cattle sold through the "Workin' Kind" sale are fertile to the best of our knowledge. All bulls sell with a breeding guarantee. If a bull is found to be functionally infertile during the first breeding season we will provide you with a replacement or issue you a purchase price credit minus a salvage value of \$1,800 in a future sale. Remember - your bulls are an investment and need to be treated as such. All spring calving females carry their own guarantee. All fall calving females have been pregnancy tested by arm as well as ultrasound and are guaranteed to be pregnant sale day. Claims on fall calving females need to be made within 30 days of the sale. After May 1, 2019 those females are considered out of our control.

McClelland Family - Mike, Kati, Bailey, Kolby, and Tristan

Peterson Family - Jordan, Shelby, Valerie, Landry, Steve, Kayla, & Isaac

Welcome to our 25th Annual "Workin' Kind" Bull and Female Sale. 25 years, our Silver Anniversary—how is that possible? It's even crazier to think this is our 66th continuous year raising and selling Angus cattle. God is so good! None of this would be possible without each one of you—our customers, our family, and our friends. We cannot say thank you enough!

As I sit here writing this letter, I think about the winter we've all had, the trials we've endured, the snow, the rain, the cold, but I'm quickly reminded of what the Bible says: "and this too shall pass." My hat's off to each of you for continuing to push through all the struggles because one day, soon enough, we are going to look up, the sun will be shining, and the grass will be green.

I can't help but believe that we are truly just around the corner from some of the best times this industry has seen. There are a lot of positives happening in the meat market that I believe will drive a lot of upward momentum for each of us; now is the time to position yourself and your operations for the exciting things to come. There's an old saying that goes "Walk when everyone else is running, run when everyone else is walking"; now is the time to gain ownership of those cornerstone females you need! With that said, I am really excited about the female offering we have for you on April 6th! We realize there is a feed shortage, but we certainly don't want that to hinder you from getting the females you need. This is why we are willing to keep any females from now until May 1st for \$50 per cow, if needed.

As strongly as we feel about the females we have to offer, we are equally excited to bring you our first sons of Panther Cr Incredible! Although Incredible is gone before his time, his legacy in the Angus breed will live on as his sons have topped sales across the country. Lot 1 will be used in our program to carry on Incredible's genetics as a son, and to top it off, his dam we believe is as good of a cow as they come, a "hall-of-famer" in our books. We hope you like him just as much as we do as well as the other bulls we have to offer; they have as much real-world performance and look as any you can find, not to mention 70% of the group are A.I. sired!

From the bottom of our hearts, we say thank you for taking the time to look at our cattle, and we look forward to seeing you all at the ranch on sale day for some food, fellowship and Angus cattle!!!

Thanks for taking a look,
Mike

Dear Cattlemen,

We always look forward to the hospitality put forth at the Annual Panther Creek Ranch Production Sale and once again we anticipate Angus fellowship, great food and an outstanding offering unequalled in the Midwest. Two years ago the \$70,000 sale of Panther Creek Incredible became the talk of the nation with the most aggressive breeding programs putting his one-of-a-kind EPD profile and visual appeal into the semen tank. The result, as outlined in his footnote was top-selling bulls and females throughout Nebraska and the Dakotas. His semen inventories, now practically depleted have created unprecedented demand for progeny that will carry on the curve-bending attributes with phenotypic excellence. The four lead-off bulls in this offering are of that caliber. In fact, Panther Creek will be using the lot 1 bull heavily in their own breeding program this year.

Black hidden cattle continue to lead auction market reports but, in this day and age, it is not enough to be merely black. Carcass premiums from lean, well-marbled beef will trickle down to feeder calf bids or, if you retain ownership, the potential profitability is obvious. Research has proven that as the percentage of Angus influence goes up, so does the marbling potential and CAB certification rate. The Panther Creek offering is poised to offer those advantages as well as the growth rate and eye appeal necessary to get top bids and big pay weights.

Join us on April 6th for another outstanding installment in a Panther Creek tradition. It will be our pleasure to greet you there.

Panther Creek Incredible 6704

Reference Sire A

Panther Cr JH Blackbird 409

Dam of Reference Sire A

- Panther Cr Incredible 6704, recorded a BWR 100, WWR 118, YWR 120 and was selected from the 2017 Panther Creek Production Sale by Krebs Ranch, NE; Sullivan Cattle Inc, MO, Harrell Cattle Co. and Douglas Groth, IL at \$70,000 3/4 interest. That sensation of the 2017 sales season suffered an untimely death and left a void because of his exquisite phenotype, outcross pedigree, and amazing EPD profile, boasting a one-of-a-kind combination of BW, CED, BW, WW and YW EPDs.

- In 2019 bull sales Incredible sired the \$42,500 top-seller at 2019 Krebs Ranch Sale as well as 3rd and 4th top-sellers at \$30,000 each. They included members of Krebs Ranch's Champion Carload and Champion Spring Division Pen of Three Bulls at the 2019 NWSS. In addition, his get includes the \$30,000 and \$20,000 top and second-top selling bulls of the 2019 Bush Angus Sale, the \$17,000 and \$13,000 top and second-top selling bulls at the 2019 Jallo Angus Sale and the top-seller at Bobcat Angus Ranch \$10,500. RBM Angus had a \$21,000 headliner in their spring sale, Hoffman Angus brought the \$12,000 second-top seller to the ND Angus Select Sale, as well as the \$17,500 top-selling heifer of the 2018 Pearls of the Prairie Sale – all were get of Panther Cr Incredible 6704. In addition, the four high-sellers at Thompson Angus Ranch, ND were sons of Incredible selling from \$11,000 to \$18,000.

- Semen inventories are mostly depleted, so put a high value on his outstanding offspring in this sale offering.
- Some of the last semen on Panther Cr Incredible 6704 sold for an average of \$250 a unit on March 19.

LD Capitalist 316 is a Musgrave Angus and Luddington Cattle acquisition that is proving to be a phenomenal "spread" sire that transmits added muscle, performance and structural perfection. His EPDs rank in the top 15% or better for CED, BW, WW, YW, CEM, Milk, and \$W. His most noteworthy son today is perhaps Musgrave 316 Exclusive that returned to Musgrave Angus with exquisite visual appeal and big spread and carcass EPDs culminating in a \$B value in the top 2%.

From ALL of us to ALL of you.....Thanks for supporting us!!!!

Driving the science of better breeding

There's little room for error in the cattle business. Producers need the most advanced information to make smart selection decisions, and Angus Genetics Inc. (AGI) provides it through genomic-enhanced expected progeny differences (GE-EPDs).

GE-EPDs have become the industry standard for herd improvement, building on decades of science-backed genetic evaluation tools originated and maintained through the American Angus Association®, home to the largest and ever-growing single-breed beef cattle database.

EPDs that traditionally contained all pedigree, performance and progeny information now also include results from available genomic, or DNA, tests. Breeders who use genomic technology give buyers access to AGI-generated GE-EPDs that provide:

Increased predictability and decreased risk for young and unproven animals due to enhanced accuracy of EPDs

Better characterization of genetics for difficult-to-measure performance traits (such as carcass traits, maternal traits and feed efficiency)

The ability to make more rapid progress for traits that are important to you, due to:

- more accurate selection
- easier identification of genetic outliers
- the ability to propagate young animals with confidence earlier in their lives

In fact, GE-EPDs on unproven animals have the same amount of accuracy as if they had recorded 8-33 calves, depending on the trait. That's valuable insight, offered regularly through the breed's weekly national cattle evaluation.

Trait	Progeny Equivalent	Trait	Progeny Equivalent
Calving Ease Direct	28	Milk	33
Birth Weight	21	Mature Weight	11
Weaning Weight	26	Mature Height	8
Yearling Weight	21	Carcass Weight	9
Dry Matter Intake	8	Yearling Height	11
Scrotal Circumference	13	Carcass Marbling	9
Docility	10	Carcass Ribeye	12
Heifer Pregnancy	14	Carcass Fat	10

How do you know if EPDs are genomic-enhanced?

Ask your breeder, refer to the registration paper, or look for the AGI GE-EPD logo, Angus GS™ powered by partner Neogen GeneSeek or the HD50k by partner Zoetis. These images indicate animals for which low-density or high-density genomic testing has been conducted and incorporated by AGI into GE-EPDs
