Welcome to our 26th annual "Workin' Kind" Bull and Female Sale. This is our 67th continuous year of breeding and selling Angus cattle--God is good!! We feel so fortunate to be able to be involved in this business and work alongside each one of you--our customers, our family, and our friends. Whether this is your 1st PCR catalog or your 26th, we can not thank you enough for taking a look at our program and the cattle inside. It wouldn't be possible without all of you!

Change--one thing we are always certain of in this world is change--and we can certainly attest to that, especially this past month. We have all heard enough about the problems the world is facing today, but what I want to focus on is the opportunities that we have in front of us. Every time there is change or struggle it opens immense opportunities, if we are willing to take them and make the most of them. This is where we find ourselves today! There are unbelievable possibilities out there for all of us. Being ahead, rather than behind the curve in production agriculture, will pay steep dividends in the near future.

The cattle will speak for themselves; we have not changed our breeding program from the beginning. These cattle have been bred with the commercial producer in mind, to elevate the convenience traits of low birth, fast early growth, good maternally, and phenotypically correct. These cattle are raised in the real world, in large contemporary groups, and are designed to thrive in a fescue-based environment.

As of right now, the sale format will be the same as it always has been. Amidst the chaos that we are facing in the world, the sale will go on no matter what!! Please check our website [www.panthercreekcattle.com](http://www.panthercreekcattle.com) ahead of the sale for any possible changes in the sale format. If something unforeseen changes, we will have it posted on the website. Cattle will be available for viewing at the ranch the week of the sale. Also, the sale will be broadcasted online at DV Auction. Feel free to call with any questions.

From the bottom of our hearts, we say thank you for taking the time to look at our cattle. We look forward to seeing you all at the ranch on sale day for some food, fellowship, and Angus cattle!!!

Thanks for giving us a look,  
Mike

*Dear cattlemen,*

*We always look forward to the hospitality put forth at the Annual Panther Creek Ranch Production Sale and once again we anticipate Angus fellowship, great food and an outstanding offering unequalled in the Midwest. Three years ago the \$70,000 sale of Panther Creek Incredible became the talk of the nation with the most aggressive breeding programs putting his one-of-a-kind EPD profile and visual appeal into the semen tank. The result, as outlined in his footnote was top-selling bulls and females throughout Nebraska and the Dakotas. His semen inventories, now practically depleted have created unprecedented demand for progeny that will carry on the curve-bending attributes with phenotypic excellence. The eight lead-off bulls in this offering are of that caliber and deserve your careful consideration. While Incredible deserves our attention, he shouldn't distract from the AI sire selections and unparalleled herd bull battery that generated this offering. Enjoy the genetic diversity in this line-up.*

*Black hided cattle continue to lead auction market reports but, in this day and age, it is not enough to be merely black. Carcass premiums from lean, well-marbled beef will trickle down to feeder calf bids or, if you retain ownership, the potential profitability is obvious. Research has proven that as the percentage of Angus influence goes up, so does the marbling potential and CAB certification rate. The Panther Creek offering is poised to offer those advantages as well as the growth rate and eye appeal necessary to get top bids and big pay weights. Join us on April 4th for another outstanding installment in a Panther Creek tradition. It will be our pleasure to greet you there.*

- His full brother Panther Cr Incredible 6704, recorded a BWR 100, WWR 118, YWR 120 and was selected from the 2017 Panther Creek Production Sale by Krebs Ranch, NE; Sullivan Cattle Inc, MO and Douglas Groth, IL at \$70,000 2/3 interest. That sensation of the 2017 sales season suffered an untimely death and left a void because of his exquisite phenotype, outcross pedigree, and amazing EPD profile, boasting a one-of-a-kind combination of BW, CED, BW, WW and YW EPDs.
- In 2019 bull sales "Incredible" sired the \$42,500 top-seller at 2019 Krebs Ranch Sale as well as 3rd and 4th top-sellers at \$30,000 each. They included members of Krebs Ranch's Champion Carload and Champion Spring Division Pen of Three Bulls at the 2019 NWSS. Semen inventories on Incredible are mostly depleted, so put a high value on this full brother.

- Panther Cr Incredible 6704 drew national attention after recording a BWR 100, WWR 118, YWR 120 and was selected from the 2017 Panther Creek Production Sale by Krebs Ranch, NE; Sullivan Cattle Inc, MO and Douglas Groth, IL at \$70,000 2/3 interest. That sensation of the 2017 sales season suffered an untimely death and left a void because of his exquisite phenotype, outcross pedigree, and amazing EPD profile, boasting a one-of-a-kind combination of BW, CED, BW, WW and YW EPDs.
- In 2019 bull sales "Incredible" sired the \$42,500 top-seller at 2019 Krebs Ranch Sale as well as 3rd and 4th top-sellers at \$30,000 each. They included members of Krebs Ranch's Champion Carload and Champion Spring Division Pen of Three Bulls at the 2019 NWSS. In addition, his get includes the \$30,000 and \$20,000 top and second-top selling bulls of the 2019 Bush Angus Sale, the \$17,000 and \$13,000 top and second-top selling bulls at the 2019 Jallo Angus Sale and the top-seller at Bobcat Angus Ranch at \$10,500. RBM Angus had a \$21,000 headliner in their spring sale, Hoffman Angus brought the \$12,000 second-top seller to the ND Angus Select Sale, as well as the \$17,500 top-selling heifer of the 2018 Pearls of the Prairie Sale – all were get of Panther Cr Incredible 6704.
- Today, Incredible enjoys WW and YW EPDs in the top 1%, as well as an RADG EPD, HP EPD, CW EPD and \$W value in the highest 10% of the population. Semen inventories are mostly depleted, so put a high value on his outstanding offspring in this sale offering.
