Welcome to our 27th annual "Workin' Kind" Bull and Female Sale! This is our 68th continuous year of breeding and selling Angus cattle. We are so thankful to be involved in a business all of our family can be involved in as it continues to grow. We also feel extremely lucky to deal with the best people in the world, you, our customers!!

Amid all the chaos of the past year we are sorry for those who have lost loved ones!! Yes, there have been trials but there have also been blessings. We were extremely thankful for the extra time we got to spend with our kids and family. Time that we never expected or imagined we would get.....it was priceless!! Hopefully we are on the path back to a more normal life but it was good for us to slow down a little and think about what is truly important in life.

We think this set of cattle we are offering on April 3rd is without a doubt the most complete set from top to bottom we have ever offered. It is humbling to think about how every decision we make in our breeding program can affect so many other programs. We don't take that lightly and hope that our decisions make a positive impact in your operations. These are real world cattle that are bred to perform on grass and in the feedlot and we can't wait for your appraisal of them.

The cattle are available for viewing anytime at the ranch and we welcome you to swing by and take a look at your convenience. Videos of all the sale cattle will be up on DV Auction a week ahead of the sale as well. If you have any questions feel free to give us a call.

Last, we want to say thank you from the bottom of our hearts for considering our program for your needs!! We look forward to seeing you at the ranch sale day for some food, fellowship, and quality Angus cattle!!

Thanks for giving us a look,  
Mike

Dear cattlemen,

It is a continuing pleasure to work with Mike McClelland and his entire family on their annual production sale. Much like previous years, there will be an outstanding array of cattlemen-friendly bulls and productive young cows in fall and spring calving divisions. As always, there will be leading AI sires represented but the elite Panther Creek herd sire roster will also impress. As more progeny of recent herd sire purchases come to fruition, we are seeing many bulls that really bend the growth curve while delivering the same muscle, shape and performance that Panther Creek customers have come to expect.

Each year we look forward to this festive event with great anticipation. The lunch, cattle and Angus fellowship at one of the Midwest's largest seedstock offerings is not to be missed. While the mood is festive, make no mistake, these tremendous cattle are all business when it comes to adding to your bottom line.

The cattle industry is an exciting place to do business at a time when higher quality beef carcasses are rewarded like never before. Be prepared with a genetic base that can deliver the quality premiums you need. Utilize the Angus advantage to get you there and let Panther Creek be your source.

As always, your pre-sale inquiries are welcomed at our office or with the McClelland family.
