Dear Angus Friends,

*It is with great enthusiasm that we prepare for the fifteenth installment of the Sharing in the Progress Sale. As I poured through past catalogs researching this year's offering I couldn't help but be overcome by the genetic progress I see. Generation compounded by successive generation of show ring accomplishments in proven cow families has taken most, if not all, of the uncertainty out of show cattle and replacement heifer selection. The breeding programs represented here have been relentless at acquiring, propagating and proving the genetics that result in success stories in the show ring and in the pasture. Nothing is ever held back in bringing forth the most intriguing sale offering including heifers that have already been campaigned successfully on the tanbark or perhaps the progeny of donor dams that have produced multiple winners and have show records of their own.*

*It has been a long time Conover Auction motto to "do the small things right and the big things will happen". It is a mission statement shared by your sale hosts who strive to serve their customers and provide premium genetic material that keeps them coming back.*

*Feel free to contact Conover Auction Service or individual contributors with your inquiries. We look forward to personally greeting you on November 2nd.*

- Her sire has proven to be a "bet the ranch" calving ease sire ranking in the top 1% for CED and top 2% BW. Moreover, EATHINGTON SUB ZERO is a deep-sided, wide-based, thick made bull among Genex's best for growth with eye appeal.
- Her dam combines two of the breed's most renowned growth sires and descends from the celebrated Elba cow family pioneered in the Brost program.
- Her service sire, PVF Insight 0129, is the moderate birth weight Genex sire that may well be the first noteworthy show sire to defy antagonisms between phenotypic and production attributes. Currently, Insight progeny have earned him the #2 Sire of the Year position in 2018-2019 ROV Standings.

## SCC ROYAL BLACKBIRD GAF 112

### Reference Dam

- What a sale attraction! Two direct daughters and one granddaughter of the foundation Greiman Family Angus donor, SCC Royal Blackbird GAF 112. Among her winnings include the Supreme Champion Heifer at the Iowa Beef Expo and Champion Owned Heifer at the NJAS. She is a full sister to Select Sires' SCC First-N-Goal 114. "Java" is without a doubt the most massive, wide based, deep bodied, heavy boned, sound moving daughter of Dameron First Class.
- Maternal sisters to these Royal Blackbird heifers include Greiman FCF SCC Blackbird 186 that was the Reserve Grand Champion Female at the 2017 Iowa State Fair and Reserve Division Champion at the 2017 NJAS exhibited by Maddy Udell, IA, as well as Greimans Royal Blackbird 376, shown by Cassidy Becker to Reserve Division laurels at the 2017 Iowa State Fair, class winner at the 2017 NJAS and Reserve Division honors at the 2017 Iowa Summer Show. Other maternal sisters include the \$16,000; \$13,500 and \$7,000 highlights of the 2016 SITP Sale selected by Benjamin Marsh, IL; Chesney Steenhoek, IA and Tyler Stutsman, IA respectively; while even more sisters were among the most

highly appraised heifers in the 2015 SITP Sale and included the \$15,000 selection of Jorli Hauge, Winona, MN that went on to Reserve Champion Angus and 5th Overall at the Sioux Empire Farm Show, Reserve Supreme at the Brookings Winter Show and Champion Owned and Supreme Champion Minnesota Summer Field Day. Another was the \$10,000 choice made by Dave Henderson, Drakesville, IA.

- A maternal brother to these heifers by "Bootlegger" SCC Tradition of 24 was the Grand Champion Bull at the 2017 National Western Stock Show as well as Grand Champion Bred & Owned Bull of the 2016 NJAS for Cade Sterzbach. This is the first time in NJAS history that a former NJAS Grand Champion Bull and Grand Champion Heifer from a previous NJAS combined to produce another Grand Champion progeny.
