Welcome to our 34th Annual Production Sale.

We had a good corn crop for feed. Hay production was down from the last two years. We caught some timely rains in late summer to have a good grass year. We ran our main cow herd on grass only, salt and mineral until January 20th.

We have a good Bull offering this year with good depth of Rib and volume. Two of our main sires have the TSB prefix and are doing a great job, as they are among the best in the breed.

Weights of the Bulls and ultrasound information will be available Sale Day. Spring shots and foot rot shots will be given twice.

The Heifers we are offering are the very best we have ever offered. They have depth of rib and lots of volume. A sister to TSB Hunter the \$ 10,000 Bull who was sold to Elm Creek Ranch. A sister to last years top seller bull TSB Grady which sold for \$ 13,500 to MacDonalds. I can't say enough good about this group of Heifers!

Thanks for your interest.
Terry & Jeff

Dear Cattlemen,

We are once again pleased to assist TB Salers with the latest installment of the "Beef Business" Production Sale. The Beeson's are offering another outstanding set of herd bull prospects and a top cut of the TB yearling heifers, featuring an elite representative of nearly every sire group. These cattle are backed by one of the breed's elite cow herds formed through strict selections standards for calving ease, moderate mature size, functional soundness and disposition. A TB Salers herd matron continues to be scrutinized throughout her production career for calving interval and performance measures.

This attention to economic value has rewarded TB Salers with a loyal customer base that stretches across a multitude of states. Both purebred and commercial programs will compete this year for the top cut of the 2020 calf crop. The Beesons continue to strive for high value traits through their own genetic selections and you can be assured that this offering is the most current representation of those efforts.

Whether your interest lies in valued herd replacements or bulls that will add to your bottom line, it behooves you to be in Yankton, SD on March 1st.

If we can assist you in any way, please don't hesitate to contact this office or the Beeson family.
