Dear Cattlemen,

On behalf of my wife Vikki and myself, I would like to invite you to our 24th annual production sale and mature cow dispersal sale.

The first registered heifer we bought was born in 1993. The offering today is the product of breeding our very best to something better for twenty six years. This is the first time in those twenty six years that we are offering our entire heifer calf crop for sale.

Like it or not, we are slowing down; that is why we are selling every cow we own that is three years old or older, without exception.

We are retaining our bred heifers and two year old cows and will continue to raise some bulls, again slowing down but not quitting.

The bull calves and heifer calves we are selling are the best we have ever had to offer. The cows we are selling have been good to us; take good care of them and they will take good care of you.

Sincerely, Dale & Vikki Weeks

P.S. Join us before the sale for a complimentary lunch.

Dear cattlemen,

Each year Dale and Vikki Weeks have hosted a very well attended and successful production sale, selling to the most discerning customers in the world - their neighbors. They have built a large and dedicated customer base the old-fashioned way. They earned them, by breeding maintenance-free, growthy cattle that have been scrutinized for calving ease, performance, carcass merit, docility and fertility.

While each year Dale released a deep cut of his treasured replacement prospects, let's be honest, he kept females that outperformed their contemporaries and came from the most reliable cow families to join this illustrious herd. This female base is the factory that produces one of south-central Iowa's most consistently good bull sales. These are the cows

that you will have the opportunity to own on Dec 7th. They sell with complete production disclosure from performance to progeny sales records.

It has been our great pleasure to work with Dale and Vikki these past eight years and we look forward to more. You will not find a man more dedicated to the breed, to the industry and to his customers. Make sure you are counted among them.

Your pre-sale inquiries are encouraged. If we can help in any way please contact us by phone, text or email. We look forward to greeting you in Winterset.

Respectfully
Al and Jeanne Conover

Ref A

- **For reference only.**
- "4601" came to Weeks Angus Farm as a \$29,000 highlight in the 2018 Connealy Angus Sale where he stood among 399 contemporaries boasting a BW 76 lbs, BWR 99, WW 789 lbs, WWR 114, YW 1352 lbs, YWR 116, IMF 4.00%, IMF ratio 104, RE 14.1 and RE ratio 104. Moreover, he scored an ideal 5 out of 5 on both foot angle and claw set using the Angus foot score guidelines.
- He blends tremendous performance, pedigree and genomic results to earn EPD values that rank him in the top 10% for WW, YW, RADG, Milk and \$F with a \$W in the top 2% and \$M and \$B in the highest 20% of proven sires.
- His dam is a second-generation Pathfinder dam with a NR 4@107 and YR 3@107.
- His sire, "Payweight 1682" is an ABS/Origen featured calving ease sire that is transmitting extra rib dimension and muscle mass. With more than 30 different sons that have topped bull sales across the nation in 2018, he has become one of the highest demand bulls in the history of the ORigen stud.
- Dale Weeks has, and will continue, to use Connealy Payweight 1682 4601 with enthusiasm. More than twenty cows in this offering carry his service and eighteen 2018 calves are sired by this powerhouse.
- **Semen is available by contacting Dale.**

Bull Wintering and Partial Payment Program

All bulls selling in the Weeks Angus Dispersion can be wintered at the farm from sale day to April 1st 2020 at a cost of \$300 per head (due at settlement). \$3 per day will be assessed from 4/1/20 to the day of actual pick up. These bulls will receive the same feed ration and care that the bulls received in previous years. In addition, yearling weigh data and carcass ultrasound will be collected and processed with American Angus.

Bull buyers can take advantage of a 20% down payment option on bulls that will be left at the farm with final payment due on the pick up date.

Under the provisions of this program, bulls will undergo a breeding soundness examination (guaranteed fertile) and Vibrio Lepto vaccination in the spring of 2020.

Buyers assume full responsibility of the bulls they buy on sale day. Insurance will be available at the settlement desk. **Buyers will be required to take insurance on the bulls left for wintering if they take the 20% option.**

BUY BULLS ON TARGET

Genetic Recommendations:

	Value
Marbling EPD (Marb)	+ 0.54
Dollar Grid Carcass Index (\$G)	+ 46.0

The Targeting the Brand logo is designed to highlight registered Angus bulls with greater genetic potential to produce calves meeting the most challenging specifications of the *Certified Angus Beef*® brand. Bulls must be at least breed average or better for marbling EPD and \$ Grid of non-parent Angus sires to qualify for use of the Targeting the Brand logo. Even when these numbers do not appear on the catalog listing, the logo gives you confidence that these minimum genetic requirements are met. Actual EPD requirements are outlined below based on the breed averages from the Fall 2019 Angus Sire Summary.
