**INSPECTION OF CATTLE:**

The cattle may be viewed at the ranch anytime prior to the sale. Please call to make arrangements.

**HEALTH:**

Interstate health papers furnished on all cattle selling.

**EPDS & \$VALUES:**

The American Angus Association is now calculating EPDs on a weekly basis using all available carcass harvest data, ultrasound data and the Igenity Angus specific genomic profile data. It is possible new data has been submitted between the date the catalog was finalized and sale day, which will affect the individual EPDs and \$Values indexes of the animals selling. If your purchasing decision relies highly on the most current data available, please look up animals of interest on the American Angus Association web page prior to viewing the sale offering.

**TERMS:** Cash - please settle for cattle promptly.

**TERMS & CONDITIONS:**

All cattle sell according to the standard terms and conditions of the American Angus Association.

**TRUCKING:** We will be glad to assist in making the best possible trucking arrangements.

**INSURANCE:**

Will be available sale day through Conover Auction Service, an American Livestock Agent.

**LIABILITY:**

All persons attending this sale do so at their own risk, legal or otherwise for their safety or the behavior of the animals. The Owners, Auction Service and Sale Staff assume no liability for property loss or any accidents that may occur.

**ANNOUNCEMENTS:**

From the block will take precedence over the catalog. Buyers unable to attend may send their bids to the Auction Service, Field Representatives or Auctioneer.

**LUNCH:** Complimentary lunch available sale day.

**Mark & Megan Pedretti Family**

Welcome  
Friends and Fellow Cattlemen

**Tracy & Laurie Pedretti Family**

On behalf of the entire Pedretti Family at Mill Coulee Angus, we would like to extend this personal invitation to join us on Saturday, October 5, 2019 at 1:00 pm for our “Fall Female Sale”. This year’s offering has something for everyone. You won’t be disappointed in the quality that we have strived to build within the herd.

We, at Mill Coulee Angus, are focused on our commitment to breeding and raising Angus cattle that will have a positive impact on the industry and for our valued customers. Raising registered Angus is our passion and our livelihood, we’ve been doing it for 60 years. We are blessed with the knowledge and guidance we received from our dad, Bernard. He taught us the importance of performance in Angus cattle, the value of a family working together and the example of hard work and having the faith to achieve these goals.

We stand behind our cattle and thank you for your interest in our program and for taking the time to view our sale book and videos. We have been a hands-on operation these past 60 years, from breeding to weaning to calving and would be happy to help you in your selection that will best suit your needs. Feel free to call with any questions or to set up a time to view the cattle. We are still here, because of great customers like you.

We look forward to seeing you here on sale day and invite you to stop by anytime to go through this outstanding offering. Cattle will also be on display sale day, for your viewing, prior to the sale, as well as food and refreshments.

Sincerely,  
Tracy & Laurie Pedretti and Mark & Megan Pedretti

*Dear Angus Friends,*

*The Pedretti family’s Mill Coulee Angus program has endured generations of performance testing and selection that has resulted in a herd predestined to grow rapidly and efficiently. Years of third-party evaluation through centralized bull tests in multiple states previously confirmed what breeders from the Midwest to Montana now recognize – the Mill Coulee prefix spells performance.*

*It has been a delight to work once again with the Pedretti’s: Tracy & Laurie and Mark & Megan, in the presentation of this outstanding offering. Every effort from timely performance reporting, pregnancy evaluation, health, registration, photo preparation has been done to make our catalog endeavors successful and timely. That is the kind of service you can expect as a Mill Coulee genetic customer. We consider all pedigree, performance and production information to be pertinent to your impending purchases and have made every effort to include as much complete information as we can to make you an informed buyer.*

*If you need any assistance prior to, or after the sale, please don’t hesitate to contact us using any of the contact numbers provided. Otherwise it will be our sincere pleasure to greet you at the farm in Prairie du Chien WI on Oct 5th.*

*Respectfully  
Al and Jeanne Conover

- Co-owned with Idland Cattle Co, Circle MT and Stevenson Diamond Dot, Hobson MT.
- Production: BWR 3@96, NR 3@111, YR 3@106, RE 18@103.
- This Pathfinder donor dam is best known as the mother of now-deceased EPD spread sensation, Mill Coulee Pay Raise, who was unmatched in the breed among sires for his combination of BW, WW and YW EPDs. She is also the dam of ORigen featured sire, Mill Coulee Payweight 419 and the \$50,000 ICC Payloader, ICC Pay Raise 5941 and ICC Pay Raise 5944.
- Barbara K 905 has become the anchor of the joint ICC, Mill Coulee and Diamond Dot joint ET program and in their words "has had the most impact in the genetic progress of their program".
- A daughter, ICC Barbara K 905-7410 was the \$15,000 top-selling heifer at the 2017 Stars of Montana Sale selected by AJ Diamond P Ranch and Split Diamond Ranch, MT, while daughters featured at the 2018 National Western Foundation Female Sale by Idland Cattle Co sold for 1/2 interest \$16,500 and \$10,000 to Fisher Angus, OK/ Gary Wall, MT and 2 Bar Rockin K Ranch, TX respectively. A daughter selling in the 2016 Stars of Montana Sale was the second top-seller at \$14,000 and landed at Split Diamond Ranch, Whitehall MT where she, in-turn, produced the \$10,000 top-selling open heifer in the 2018 Split Diamond/Malek Female Sale.
- Much of the Mill Coulee sale offering will feature the influence of this performance and remunerative foundation female either maternally or paternally. She is the culmination of eight generations of the Mill Coulee Barbara cow family that has become synonymous with repeated test station victories.

- Dam's Production: NR 3@97, YR 1@100.
- Embryo sire, PVF Surveillance 4129 is one of the top phenotype bulls ever produced at Prairie View Farms. He is an ultra sound, powerful individual in a moderate framed, structurally flawless package. His dam is a maternal sister to New Horizon, who herself was a past NAILE Reserve Grand Champion Female.

## FOOTNOTES FOR SEMEN LOTS 64,65 & 66

### LOT 64

- Hoover No Doubt was the \$67,500 record-selling bull of the 91 year Hoover Angus history when he sold in 2015. As of late, his semen has become rare and valuable with high selling progeny around the nation. In recent sales he produced the \$39,000 top-selling bull of the 2019 Hoover Angus Sale where three of the top 5 sellers, all over \$25,000 were No Doubt sons. The two top-selling bulls of the 2019 Baldridge sale at \$170,000 and \$110,000, as well as the \$78,000 top and \$10,000 second-top sellers at 2019 Riley Bros were sons, while the \$150,000 top-selling heifer at the 2019 NWFFS was sired by No Doubt as well.

### LOT 65

- EXAR Lutton 1831, is the now-deceased Express Ranches herd sire that claimed ROV sire-of-the-Year titles in 2008, 2009 and 2010. He sired a slew of show ring championships. With semen rare to almost non-existent his service is highly valued. Lutton in-turn sired Plainview Lutton E102 who topped the 2005 Styles Plainview Angus Sale at \$17,500 and has gone on to make Angus history of his own. Lutton is also the grandsire of Dameron First Class.

### LOT 66

- ICC Pay Raise 4886 is a superstar on paper blending calving ease, performance, scrotal and \$value indexes. 1/2 interest in 4886 recently sold to ABS Global but his original recognition stemmed as the \$22,000 top-selling bull of the 2015 ICC Bull Sale. His dam is a top producing daughter of Hoover Dam back to a Pathfinder grandam that served in the ICC ET program until 17 years of age.

- Dam's Production: NR 3@97, YR 1@100.
- Embryo sire, PVF Insight 0129, is the moderate birth weight Genex sire that may well be the first noteworthy show sire to defy antagonisms between phenotypic and production attributes boasting WW, YW, RADG, Doc, RE, \$W, \$F and \$YG in the top 20% or better. Insight currently ranks as the #1 ROV Show Sire of the Year for 2019 – 2020.
- The donor dam was first flushed in the S&R Angus program in WI and she stems from the renowned Proven Queen cow family pioneered at Prairie View Farms, IL.
- Maternal sisters have joined the distinguished herds of Wyatt James Dietsche, Loyal WI and Alan Bruhn, Mapleton IA, while others sell as featured lots 35 and 15.
