Super 8, Quincy, IL. Phone: 217-228-8808.

**INSPECTION OF CATTLE:** Cattle can be viewed at the ranch anytime

**TERMS:** Cash. Please settle for cattle promptly.

**TERMS & CONDITIONS:** All cattle sell according to the standard terms and conditions of the American Angus Association.

**EPDS & \$VALUES:** The American Angus Association is now calculating EPDs on a weekly basis using all available carcass harvest data, ultrasound data and the Igenity Angus-specific genomic profile data. It is possible new data has been submitted between the date the catalog was finalized and sale day, which will affect the individual Carcass EPDS and \$Values indexes of the animals selling. If your purchasing decision relies highly on the most current carcass data available, please look up animals of interest on the American Angus Association web page prior to viewing the sale offering.

**HEALTH:** Interstate health papers will be furnished on all cattle selling.

**TRUCKING:** We will be glad to assist in making the best possible trucking arrangements.

**INSURANCE:** Will be available sale day through Conover Auction Service, an American Livestock agent.

**LIABILITY:** All persons attending this sale do so at their own risk, legal or otherwise for their safety or the behavior of the animals. The Owners, Auction Service and Sale Staff assume no liability for property loss or any accidents that may occur.

**ANNOUNCEMENTS:** From the block will take precedence over the catalog. Buyers unable to attend may send their bids to the Auction Service, Field Representatives or Auctioneer.

**LUNCH:** Complimentary lunch sale day starting at 11:00 am.

**Breeding Guarantee:** We guarantee that all cattle sold through the "Heart of the Herd" Dispersion are fertile to the best of our knowledge. Many of the fall calving females have been AI bred but are not yet confirmed pregnant. Continued heat detection for AI or bull exposure is mandatory. Spring bred females have been pregnancy tested by arm as well as ultrasound and are guaranteed to be bred as represented in the catalog. Fertility claims need to be made within 30 days of the sale. After Jan 3, 2020 these females are considered out of our control.

Welcome to our "Heart of the Herd" dispersal of every 3 to 7 year old cow I own!! I can not put into words how excited I am to offer this elite set of females for your appraisal!! I have had people ask if I wasn't holding a few of the very best cows back? The answer is NO! The only exceptions are cows with something wrong with them or if they are carrying an embryo calf, otherwise they are all in the sale. Our herd numbers have gotten away from us and without hiring more help, something needed to change as the days were getting too long. Therefore we decided to have this special sale to relieve some of those pressures. Nothing is changing as far as our spring sale is concerned, or going forward, other than we need to get our cow numbers in line with our available labor and resources. We will still be offering some females in our spring bull sale like always but not as many as in the past. I certainly hope if you are in the market for quality Angus cows you will make it to the ranch on December 3rd. This set of cows has been responsible for one of the best commercial oriented bull sales in the midwest year in and year out. These cattle have been built to not only survive, but thrive in a fescue based environment, while being handled the way most commercial cow operations do. This will be one of the best sets of cows to sell anywhere this fall and we can't wait for your visual appraisal of them.

Thanks for your time looking through this catalog! If you have any questions feel free to give me a call. Unlike our past sale's this will be a video auction, all the cows in the sale have been videoed and it will play as they are selling. No cattle will come through the sale ring. We have a heated sale barn here at the ranch and there will be lunch available here sale day. We look forward to showing you some good cattle and western Illinois hospitality!

Thanks again for your time,

Mike

*Dear Cattlemen,*

*We always look forward to the hospitality put forth at the Annual Panther Creek Ranch Production Sale and once again we anticipate Angus fellowship, great food and an outstanding offering unequalled in the Midwest. This historic cow dispersal, however, offers a unique opportunity to tap into the "Heart of the Herd" – the very factory that has produced the outstanding bull lineup that we revere each spring. Panther Creek has always catered to their highly valued commercial producers. They have been the sustaining "meat and potatoes" of the operation for decades. But, with any outstanding breeding program comes the national attention of the most astute seedstock operations. Such was the case when Panther Cr Incredible topped the 2017 sale at \$70,000 with his one-of-a-kind EPD portfolio and flawless design. That interest carried through to the first-ever Panther Creek consignment to the 2018 National Western*

*Foundation Female sale where their offering of bred and open heifers was highly applauded for their genetic and phenotypic merit.*

*The dam of Incredible and two of his best 2018 daughters will headline this offering as lot 1, 1A, 1B and 1C. A number of donor dams, donor prospects, spring bred thoughtfully mated to leading AI sires and an elite Panther Creek herd bull battery will be offered. In addition, fall pairs will be featured with future herd sires and replacements at side. Take advantage of our extensive catalog research and be an informed buyer. Production data, performance, EPDs and relevant sales history can be your guide to purchase success stories.*

*Join us on Dec 3rd for another outstanding installment in a Panther Creek tradition. It will be our pleasure to greet you there.*

# BUY BULLS ON TARGET

### *Genetic Recommendations:*

|                                 | Value  |
|---------------------------------|--------|
| Marbling EPD (Marb)             | + 0.54 |
| Dollar Grid Carcass Index (\$G) | + 46.0 |

The Targeting the Brand logo is designed to highlight registered Angus bulls with greater genetic potential to produce calves meeting the most challenging specifications of the *Certified Angus Beef*® brand. Bulls must be at least breed average or better for marbling EPD and \$ Grid of non-parent Angus sires to qualify for use of the Targeting the Brand logo. Even when these numbers do not appear on the catalog listing, the logo gives you confidence that these minimum genetic requirements are met. Actual EPD requirements are outlined below based on the breed averages from the Fall 2019 Angus Sire Summary.

To learn more about how commercial cattlemen can further utilize the Targeting the Brand logo in marketing genetically superior feeder cattle, visit [www.AngusLink.com](http://www.AngusLink.com)

- Panther Cr Incredible 6704 drew national attention after recording a BWR 100, WWR 118, YWR 120 and was selected from the 2017 Panther Creek Production Sale by Krebs Ranch, NE; Sullivan Cattle Inc, MO and Douglas Groth, IL at \$70,000 2/3 interest. That sensation of the 2017 sales season suffered an untimely death and left a void because of his exquisite phenotype, outcross pedigree, and amazing EPD profile, boasting a one-of-a-kind combination of BW, CED, BW, WW and YW EPDs.
- In 2019 bull sales "Incredible" sired the \$42,500 top-seller at 2019 Krebs Ranch Sale as well as 3rd and 4th top-sellers at \$30,000 each. They included members of Krebs Ranch's Champion Carload and Champion Spring Division Pen of Three Bulls at the 2019 NWSS. In addition, his get includes the \$30,000 and \$20,000 top and second-top selling bulls of the 2019 Bush Angus Sale, the \$17,000 and \$13,000 top and second-top selling bulls at the 2019 Jallo Angus Sale and the top-seller at Bobcat Angus Ranch at \$10,500. RBM Angus had a \$21,000 headliner in their spring sale, Hoffman Angus brought the \$12,000 second-top seller to the ND Angus Select Sale, as well as the \$17,500 top-selling heifer of the 2018 Pearls of the Prairie Sale – all were get of Panther Cr Incredible 6704.
- Today, Incredible enjoys WW and YW EPDs in the top 1%, a heifer pregnancy (HP) EPD in the top 5% and a \$W value in the highest 10% of the population. Semen inventories are mostly depleted, so put a high value on his outstanding dam and offspring in this sale offering.

**SS Enforcer E812**  
Reference Sire R

- This selection to the Panther Creek service sire roster was a late addition to the sale catalog.
- "Enforcer" led off America's oldest Angus herd's spring sale, Sunnyslope Angus, making his dynamic public debut. The featured son of SydGen Enhance was the \$45,000 selection of Baldrige Bros, NE; Al & Jeanne Conover, IA; and Spruce Mountain Ranch, CO.
- No bull in the Angus breed can match "Enforcer's" combination of either CED or BW when combined with \$M and \$B.
- He posted individual performance of BWR of 81, WWR of 106 and YWR of 115.
- He His Pathfinder dam boasts progeny ratios of BWR 4@90, NR 4@105, YWR 4@103, IMF ratio 4@102 and RE ratio 4@112.

- Thirteen generations of Sunnyslope performance breeding is represented on the maternal side of his pedigree with five of seven most recent generations being Pathfinder dams.
- Most exciting about "Enforcer" is his exquisite phenotype. He is extremely deep ribbed, easy fleshing, athletic in his movement, and offers abundant thickness and base width.

• Spring Cove Reno 4021 went on the "must have" semen list last fall. His semen inventory at ST Genetics is nearly depleted because of the over-whelming demand of this Broken Bow son with top 3% WW and YW EPDs. The first daughters of Spring Cove Reno 4021 in production at Spring Cove posted an average nursing ratio of 106 and his sons continue to Impress with fertility and function. The dam of "Reno" was selected by Baldrige Angus, NE and Marty Hultman, IL in 2017 to join their joint embryo program.

• Power Play became the breed's top-selling son of Basin Payweight 1682 when he sold at \$730,000 1/2 interest in the 2018 Vintage Angus Sale to Rooney Angus Ranch in WI. He is now the dominant son of the \$440,000 Vintage and Herbster donor, Sandpoint Blackbird 8809 that has over \$4 million in progeny sales. Noteworthy siblings to Power Play include the \$500,000 VAR Generation 2100, \$330,000 1/2 interest VAR Frontier 3011, the ABS featured sire, VAR Reserve 1111 and donor dams in the breed's most prominent breeding programs.
